COMPUTING SCIENCE WEEK SPECIAL EDITION

DIGITAL LEARNING RENFREWSHIRE

LEARNING LOOP

GET READY FOR COMPUTING SCIENCE WEEK 2025!

NOV

Mark your calendars! **Computing Science Scotland Week 2025** is running from the 3rd November. Education Scotland's DigiLearnScot team has a fantastic line-up of live lessons, educator webinars, and success-sharing sessions planned to help you embed computing science across the curriculum, from Early Learning to Secondary.

Key Events Include:

- Live lessons on topics like AI for Robotics and Mission Zero.
- Educator CPD sessions on Scratch, Astro Pi, and cyber skills.

Don't miss this opportunity to inspire your pupils and boost your own computing science skills! Check the DigiLearn blog for the full schedule and sign-up details.
