

# Town by the sea

By Ellie P5

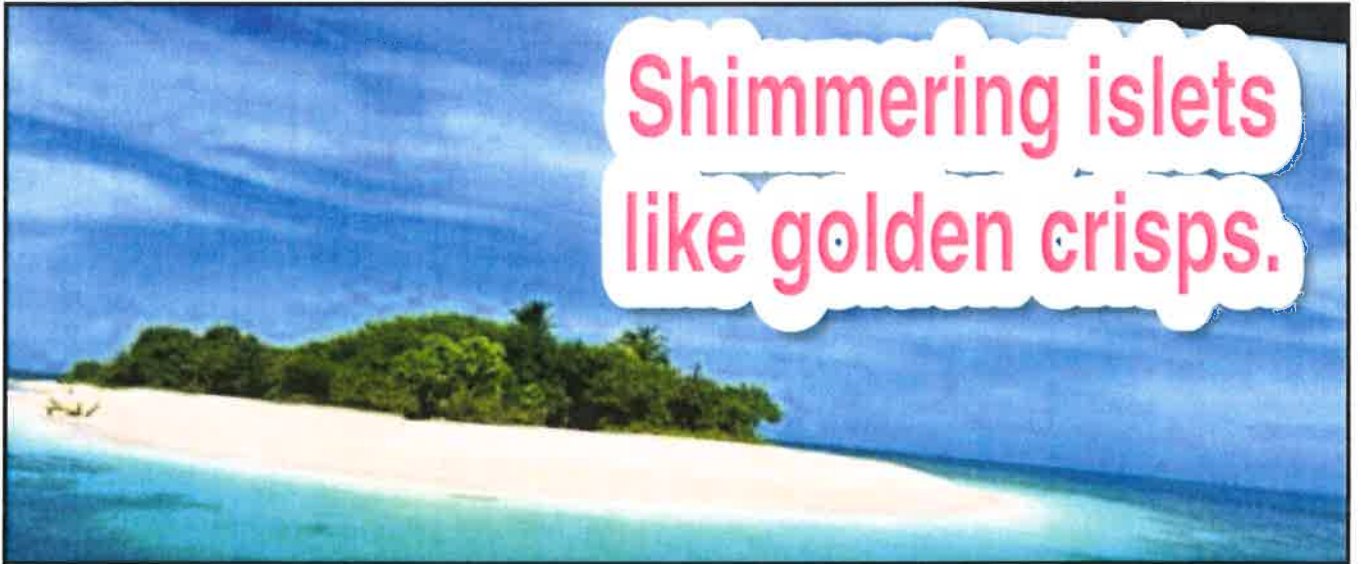

*I stay in an  
abandoned*

**Bee striped house by  
the sea.**

Shimmering islets  
like golden crisps.

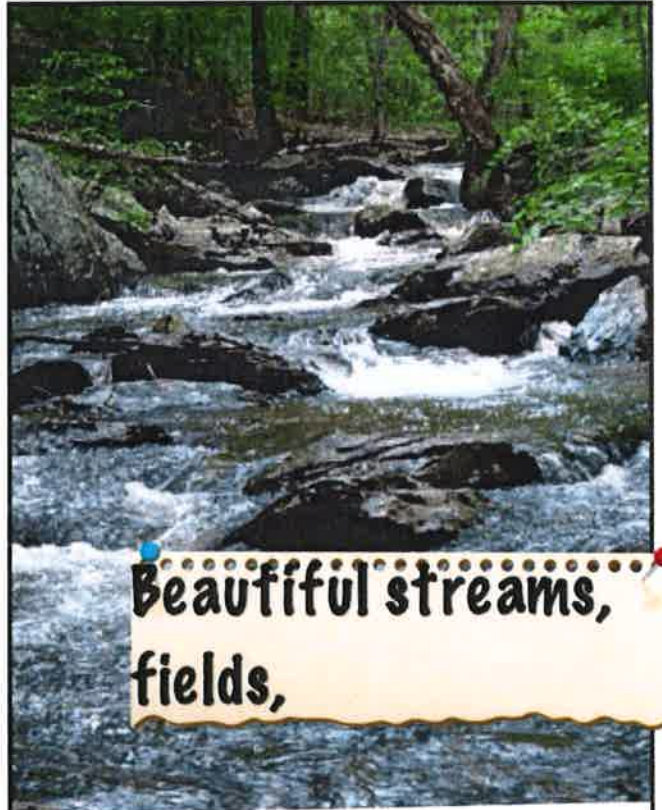

Volcano island  
close by.

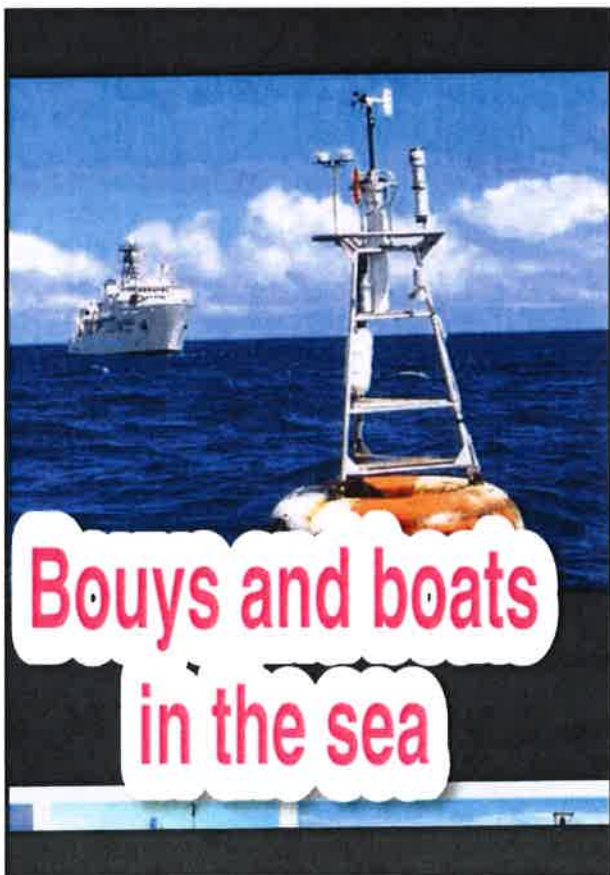

That looks like a floating  
dress to buy.

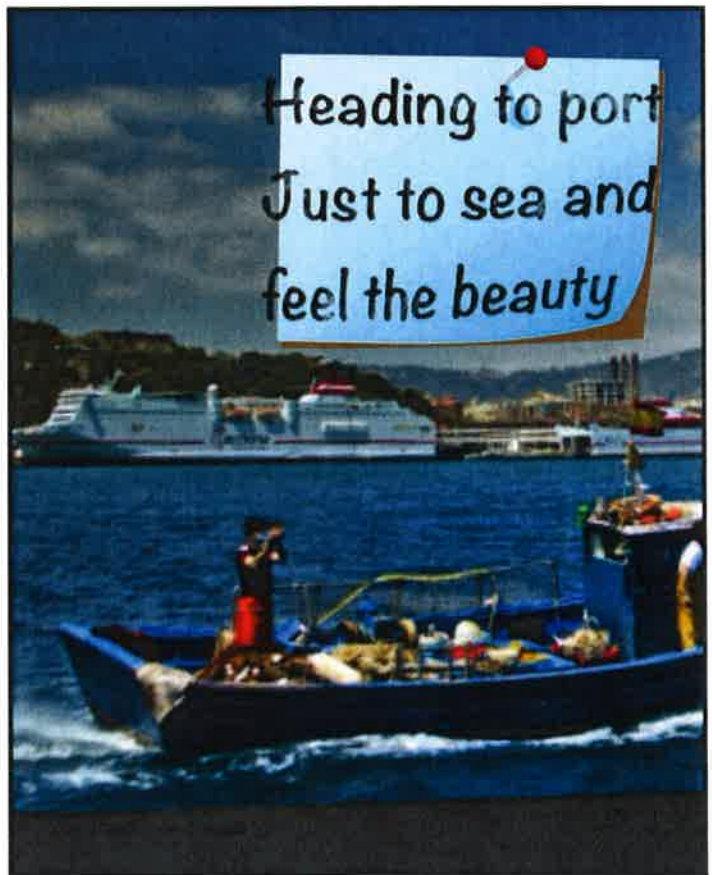

Flowers and trees  
all over the place.

Beautiful streams,  
fields,

Bouys and boats  
in the sea

Heading to port  
Just to sea and  
feel the beauty
