Dear Parent/Carer

December 10th 2021

Argyll and Bute Council's Collective Leadership Model proposal for our schools.

At the last Bowmore Parent Council (BPC) meeting on 9th December 2021, the BP Council discussed the proposed School Collective Leadership model, developed by Argyll and Bute Council Education Transformation Board <https://empoweringoureducators.co.uk/film/>

We resolved to consult with staff, parents and carers on Argyll and Bute Council's Collective Leadership Model proposal for our schools by setting up a private Facebook page **Bowmore Primary Transformation**. This page will provide you with information about the proposed model and give you a chance to discuss, give your opinion and any feedback. The page will be open from the 5th to 19th January 2022.

As we will be discussing and capturing what parents view as the main benefits and potential concerns of the proposal for our children and young people we kindly request that all comments made are in a measured and respectful manner.

Your comments will then be collated by the Parent Council. At this stage members from all Islay and Jura Parent Councils will meet to bring together everyone's viewpoints which will then be fed back to Argyll and Bute Council.

Argyll and Bute Council are gathering the opinions and feedback of all Community and Parent Councils in the authority, and these will be vital in shaping the proposals before going to elected members for a decision.

If you do not have access to Facebook please contact janedeakin71@sky.com for further information on having your say.

Yours sincerely

Jane Deakin
Bowmore Parent Council Chairperson
