Dear Parent/Carer

As you will be aware the Scottish government has now cancelled all SQA exams this year due to the continuing situation with COVID.

This year there will be no formal Prelim diet and most departments will be doing assessments in class which will act as evidence to support the Provisional awards.

However the English and Maths departments have requested to still have a more formal assessment.

These formal assessments will not be able to take place in exam halls so will be held in classrooms under full exam conditions

These formal assessments will take place as follows:

Monday 25th January
