Sporting Successes

June 2019

Cups came home on the bus as children picked up best overall boy and girl at the Rural Sports Day held at Drumlemble P.S.

We all had a fabulous day cheering each other on and enjoying a class picnic in the sun.

Visit from STEM Ambassador

Ms Steven is a Civil Engineer based in Glasgow and promotes Science, Technology, Engineering and Maths (STEM) by helping children see links in their learning with the wider world of employment. We now have at least one pupil aspiring to be a C.E.!

Robotics

Gigha Primary invited our seniors to take part in a Robotic Science workshop. Thank you Gigha PS for including us. Everyone had a great time with the spinning robot building challenge.

Hours and values Day

Our Open Afternoon consultation has resulted in a trial of a 9-3.15pm school day starting in August. School values of being **kind, happy and responsible** were linked to articles from the United Nations Convention on the Rights of the Child. Thanks to all for helping.

Ipads

8 new ipads will soon be arriving in school. Miss Logan from Lochgilphead High taught us how to make iMovies. Here she is presenting certificates for our achievements.

Fish

Sadly Tomato died but we are looking for a friend for Goldie.

Watch the dates

Parents' Eve 6th June

End of Term celebration

11 am Friday 28th June
in the Village Hall—
extended family and
friends welcome.

School will close for the
summer after this
celebration.

School re-opens 9 am on
15th August 2019

Thank you for all your
interest and support.

Mrs Catriona Brown
Head Teacher (Acting)

Gigha Partnership

Our partnership with Gigha is very successful and our wee ones are enjoying the adventures both on Gigha and at Tayinloan beach. On our Muddy Puddle Walk we went to the woods and had a Book-Bug session then some hot Chocolate, followed by a picnic. Thanks to all who donated for Save the Children.

Our transitions for all children moving onto primary one are going well and they are all feeling confident about moving on. Our learning this month is 'Nature Detectives' and we went to the castle ruin to look and identify the trees up there.
