Why does questioning matter?

Questioning helps us to;
Understand new ideas
Challenge assumptions
Solve problems
Develop confidence
Learn from others

Kindness

There are several types of questions used in the classroom, the best questions help us develop our learning;

Open questions like –

Why do you think Edinburgh is Scotland's capital?

How might homework help learning?

These questions allow for thinking and discussion and leads to a better understanding.

Teachers and pupils can take this further using follow up questions;

You might hear a teacher say;

Can you explain that in a different way? Or How does this connect to your previous learning? Or what would happen if....?

Questioning for life
People who ask questions become;
Effective Leaders
Skilled problem solvers
Creative thinkers
Better communicators

Accomplish BIG Things With a

GROWTH MINDSET!

Success Begins With Believing You Can

Instead of Thinking...

- I can't do it.
- I'm not good at this.
- It's good enough.
- It's too hard.
- I'm afraid of making a mistake.
- They are better at it than I am.
- I don't know how.
- I can't make this any better.
- I don't like challenges.
- I give up.

Think This...

- I'm still learning. I'll keep trying!
- What can I learn to get better at this?
- Is this the best I can do?
- With more practice it will get easier!
- Mistakes are how I learn & get better!
- What can I learn from them?
- I can learn how!
- I can always find ways to improve!
- Challenges make me better!
- I'll try a different way!

Challenge!

Over the next week I challenge you to:

Ask 1 question to help you to learn
Ask 1 question about something you are curious
about.
