Argyll and Bute Family Pathway 'Growing up in Kintyre'

Why Kintyre?

- Early adopters in using the EYC process
- There are seven SIMD datazones that cover the settlement area of Campbeltown. Of these, two are in the 15% most overall deprived in Scotland
- Geographically Kintyre is on a peninsula and so is ideal for population segmentation

Midwifery- Bumps!

Everyone has a role to play
in our pathway

Involving dads

Health Visitor- Brains!

- Data continues to highlight Speech and Language as a weakness

- We are encouraging Social and Emotional communication skills.

Home Start
Support and Friendship
for Families

All adults must be accompanied by a child!

Come along to our weekly walk and talk

Baby Yoga NHS Highland

Date and times:
Monday 17th October &
Monday 24th October
1.30pm-2.30pm

Venue: Campbeltown Health Visiting Dept
Campbeltown

Age range: 3 months – pre crawling

Free to all willing and encouraging participants

It is beneficial for all babies, you don't need to practice yoga or even know anything about

Baby yoga offers quality physical stimulation. For every hour that babies spend strapped in cars seats or home seats, 5 minutes of Baby Yoga provide stretching as a start to a healthy lifestyle.

book a place please contact:
rol Anderson, Children & Families Health Team, Campbeltown.

Keeping active-an
inclusive approach in
Kintyre

Paediatric First Aid Course
For Parents & Carers

First Aid for Baby and Child

This is a specially tailored 4 hour course delivered by the British Red Cross. Dates will be arranged in the coming weeks at the Community Centre, Stewart Road, Campbeltown.

Contact Diane McCaig or Gillian McMillan on 01586 552732.

Adult Learning Kintyre

ELC- Bairns!

- Moderation across the cluster to ensure our assessments are consistent
- Developing a shared standard between settings
- Keeping the pathway alive!

- Data shows most children meeting most milestones- with the exception of Speech and Fine Motor Skills

Improving Literacy 3-12

- Whole establishment approach
- Implementing a phonics- based reading scheme
- Nursery- improving Talking and Listening
- Measuring the number of complex sentences used - leading to interventions supported by Speech Therapist
- Book Week Scotland- Bookbug gifting, Read Write Count, First Minister's Reading Challenge
- Bedtime Reading Challenge

30 month letter

What have we done

Shared Team
photos and
attachment to GP
practices.

Speech and Language
prompt sheet at 13-15
months. Also Sure Start
Speech Measure at 27-30
months

What have we found

More Children
start nursery still
wearing nappies

Parents mental
health noted to be
poor at toddler/new
baby stage

What will we do ?

Plan to increase
focus on toilet
training at 27-30
month review

Plan to screen
mental health at
27-30 month
review – Trial for
November

Clyde Cottage Nursery has been involved with the Cowal Family Pathways from the beginning of the project (September 2015)

27-30 month
Developmental
Milestones
Progress

Clyde Cottage to
pilot. Health
Visitors to share
DMT with Nursery.

IMPACT

- Managers know who their named person is in their Nursery and how to contact them. This information is shared with parents and staff.
- Improved communications between Health Visitor(s) and Nursery Manager(s).
- Information shared with relevant key worker at each transition stage.
- Possible concerns can be highlighted, prompts for additional sensitive information.
- Transition information ensures children's needs are identified and met.
- Match strength/skills of key worker.
- ASN hours may be required.
- Areas of development to be monitored/observed.
- Strengthened partnerships:
 - Health Visitor – Nursery – Children & Families
 - Links with parents to open up conversations.
- Increased awareness of developmental milestones.

FURTHER PROGRESS &
DEVELOPMENT

- 27-30 month DMT to be rolled out to all nurseries. (Ailsa will discuss further)
- 27-30 month checklist has been shared with Clyde Cottage Nursery and will be with all Cowal Nurseries.
- Health Visitor name and photograph to be displayed in all Cowal Nurseries.
- The need for joint collaboration in toilet training has been identified.
- Toilet training sessions (3-5)
- Possible joint projects on mental health issues.

Money Advice
Project
Providing money
advice for 50% of
families at Clyde
Cottage Nursery.

Using the model
for Improvement

IMPACT

- Has changed the way we look at quality improvements.
- Informed practice.
- Has changed the way we work.
- Improved outcomes for children and families.
- Measured success rates.
