# Gap between the most and least deprived

# Impact of Poverty

Poverty damages. It damages childhoods; it damages life chances; and it damages us all in society...

There were 3.7 million children living in poverty in the UK in 2013-14.

That's 28 per cent of children, or 9 in a classroom of 30

Each child  
and family  
situation is  
unique with  
support  
tailored to  
individual  
needs

# Draft revised stretch aims for CYPIC

## Children and Young People Improvement Collaborative - Vision and Outcome Aims

Quality Improvement throughout the child and young person journey to achieve excellence and equity by getting it right for every child. The CYPIC provides an overarching view of quality improvement work where specific quality improvement programmes for children and families can be affiliated and supported.

Pre-birth to 15 months	15 – 30 months	30 months – P1	P2 – P4	P5 – P7	S1 – S3	S4 – S6+		
The <u>MCQIC</u> aims are to reduce the incidence of avoidable harm in women and babies by 30% by 2019 - reflecting the continued focus on reducing stillbirth. QI work in the <u>CYPIC</u> contributes to this aim and will be encouraged and supported. Further <u>MCQIC</u> aims include reducing the rate of avoidable harm in neonatal and paediatric care by 30% by 2015 (being reviewed) and to reduce the rate of neonatal mortality by 30% by 2015 (also being reviewed).	By 2020 at least 85% of Children within each <u>SIMD</u> quintile of the <u>CPP</u> will have reached all of their developmental milestones at time of their 13 -15 month Child Health Review.	By 2020, at least 85% of children within each <u>SIMD</u> quintile of the <u>CPP</u> will have reached all of their developmental milestones at the time of their 27 – 30 month Child Health Review.	By 2020, at least 85% of children within each <u>SIMD</u> quintile of the <u>CPP</u> will have reached all of their developmental milestones at the time they start primary school.	By 2020, at least 85% of children within each <u>SIMD</u> quintile will have successfully achieved early level literacy, numeracy and are progressing in health & wellbeing as evidenced by <u>SHANARRI</u> indicators by the end of primary 1.	By 2020, at least 85% of children, within each <u>SIMD</u> quintile will have successfully achieved <u>CfE</u> First level literacy and numeracy and are progressing in health and wellbeing as evidenced by <u>SHANARRI</u> indicators by the end of primary 4	By 2020, at least 85% of children, within each <u>SIMD</u> quintile will have successfully achieved <u>CfE</u> Second level literacy & numeracy and are progressing in health and wellbeing as evidenced by <u>SHANARRI</u> indicators by the end of primary 7	By 2020, at least 85% of children, within each <u>SIMD</u> quintile will have successfully achieved <u>CfE</u> Third level literacy and numeracy and are progressing in health and wellbeing as evidenced by <u>SHANARRI</u> indicators by the end of secondary 3	By 2020 at least 95% of young people within each <u>SIMD</u> quintile of the <u>CPP</u> will go on to a positive participative destination on leaving school
