

Parents' Comments from P1  
Literacy Morning 05.06.14

Wonderful presentation with great content. Improvement could be directed towards follow up information for parents so can remember points in a few months time.

A great event - very engaging! Good way to get parents ready to support children in P1. Well worth repeating - only prob might be time for working parents

Really useful presentation, giving an insight into homework, etc.

Very valuable morning, extremely informative. I found this morning helpful even though this is my second child moving up to P1 in the school. Well presented and easy to follow. Thank you Miss Grainger.

I found it very informative. Great idea for children to learn.

Really interesting to know about the language introduction. Thanks a lot.

Very informative and interesting. Thank you.

Very informative morning. Thank you.

It was brilliant. So much information. I am very surprised but happy that the children can write by the end of P1. Great work.

Really brilliant presentation. I feel like I have learnt a lot today. Feel more relaxed about pace of learning as used to think they had to 'know it all' immediately. Definitely worth doing this especially for first time P1 parents. Wish this was done when my daughter who is in P2 had started.

Very good. Gives a good picture of what is learnt at the school.

Very helpful and informative. Thanks.
