Hidden Words: In your jotter, draw a picture and hide your words inside your picture.

CLIC:

- Practice your 5 times table with an adult. Think about repeated addition, for example $3 \times 5 = 15$ so $5 + 5 + 5 = 15$. Write your x5 table in your jotter **in different colours**. Do this daily.
- Practice halving the numbers: 30, 50, 70 and 90. Use your jotter as a class 'whiteboard' and write down as many strategies as possible. **Are there any new strategies today?**

P.E.

Our Health and Well-being is **VERY** important. Not only physical wellbeing but our mental wellbeing too! Let us have some calming fun with Pokemon Cosmic Yoga!

Numeracy & Maths:

Mental Maths: Partition as many of these numbers as you can in your jotter: **29, 58, 123**

For example:

12	
10	2

Use the Mental Maths Train on TopMarks to complete an 'Subtraction' problem from the **yellow carriage**. Choose your level of challenge.

Choose your Chilli Challenge:

Mild:

Make a Game Board of subtraction problems up to '20' (just like we did with our Author Study). Think about games like 'Snakes and Ladders' where the players need to take turns and reach the finish.

Include:

- **At least 10 subtraction problems.**
- **A set of instructions and rules.**
- **A Start and Finish line for your game.**

Spicy:

Make a Game Board of subtraction problems up to '50' (just like we did with our Author Study). Think about games like 'Snakes and Ladders' where the players need to take turns and reach the finish.

Include:

- **At least 15 subtraction problems.**
- **A set of instructions and rules.**
- **A Start and Finish line for your game.**

HOT:

Make a Game Board of addition problems up to '100' and beyond if you're after an EXTRA HOT challenge (just like we did with our Author Study). Think about games like 'Snakes and Ladders' where the players need to take turns and reach the finish.

Include:

- **At least 20 subtraction problems.**
- **A set of instructions and rules.**
- **A Start and Finish line for your game.**
