

# Proposed Residential Development on former Kincorth Academy

## Community Consultation

### Keeping You Informed

The Kincorth site is one of several sites across Aberdeen that form part of the wider Aberdeen City Council Housing Programme aiming to address a long-term shortage of affordable social rented housing in the city.

The Kincorth development on behalf of Aberdeen City Council seeks to provide around 213no. residential units of varying size and typology alongside associated shared surface streetscape, parking and both public and private amenity and open spaces.

### Learn More

Due to current Covid-19 restrictions and in line with government guidance, a public consultation is being held online at:

<https://consultation.aberdeencity.gov.uk/resources/kincorth-consultation/>

The consultation offers members of the public an opportunity to see and comment on proposals before they move to the detailed design stage and a planning application is submitted. We want to hear the communities' views on our designed proposals and welcome any feedback on this important project.

The consultation will be live for a period of 32 days from Monday 30th November to Thursday 31st December 2020 and includes a live interaction event, which will take place on Wednesday 16th December between the hours of 6pm-8pm where members of the project team will be available to respond to any questions submitted. A link to the live event will be made available through the consultation web site noted above.

### Contact us

Persons wishing to make comments on the proposal should do so by Thursday 31st December 2020 via the website or by contacting: [atkins.kincorthconsultation@atkinsglobal.com](mailto:atkins.kincorthconsultation@atkinsglobal.com)

Any comments received are not representations to the planning authority. An opportunity to submit representations to the planning authority will be available when the planning application is submitted.
