

Module 1

Module 2

Module 3

3 free online modules developed through a collaborative partnership with the Open University Open Learn Project.

Module Aims

- Improve the outcomes for dyslexic learners
- Improve early identification of dyslexia
- Provide high quality professional development and opportunities on dyslexia and inclusive practice
- Support teachers to evidence their professional learning required for General Teaching Council for Scotland's Professional Standards and Professional Update

The free modules can be accessed on the Addressing Dyslexia Toolkit.
