Celebrating Nature with Schools

Free outdoor learning...

Calling all P5 - P7 teachers in Perth & Kinross, Dundee, Angus and Fife.

Is your class ready for an **outdoor learning adventure** in beautiful locations around the Tay Estuary?

Join us in exploring the fantastic nature on your doorstep, from our magnificent returning white-tailed eagles to the bugs and beasts of the woodland floor.

Each **2-3 hour session** is designed to engage pupils in the year of a white tailed eagle, exploring themes such as;

- Bonding
- Nest building
- Predator and prey
- Radio tracking

Through activities that provoke curiosity and engage the senses, pupils will learn first-hand about the natural world from the top predators down to the smallest invertebrate.

Sessions are designed to meet the experiences and outcomes of the **Curriculum for Excellence**.
