WEE SING

FOUR WEEKS OF FREE SINGING AND MUSICAL GAMES

WEE SING is a brand new, completely free project that aims to introduce Primary 3 children to singing through musical games. Over the four weeks, we will start to develop pitching, rhythm and sound production skills. At the end of the project, we will let you know where your child can continue singing.

WHY SING?

As well as being fun, singing together in a choir has many benefits, including:

- gaining a musical education
- socialising and making friends
- boosting confidence by performing

This is a Youth Music Initiative funded project from the National Youth Choir of Scotland (NYCoS), Scotland's national organisation dedicated to encouraging singing for young people aged 0-25.

HOW DOES MY CHILD TAKE PART?

Wee Sing is completely free. However, spaces are limited so advanced booking is required. To book, visit nycos.org.uk/weesing or call **0141 287 2943**.

Wee Sing is open to all P3 children. Please call us to discuss any special requirements you or your child may have.
