Articles that are important to our Playground Charter

Article 2	Article 12	Article 13	Article 31
No matter where they live, what they look like or what their name is you DO NOT discriminate against them or anyone.	Adults should take children's views seriously on issues that affect them because your thoughts matter a lot.	Children have the right to speak their thoughts about their own learning and work unless it harms others in any way at all.	Every child has the right to rest, play and take part in culture and creative activities.
