

AN INTRODUCTION TO

Angus Academy

Angus Academy will offer a range of courses for senior phase students from next session, starting May 2024.

Overview

Angus Academy is a partnership which will enable all of our secondary schools to increase opportunities and ensure equity for young people in Angus in the senior phase.

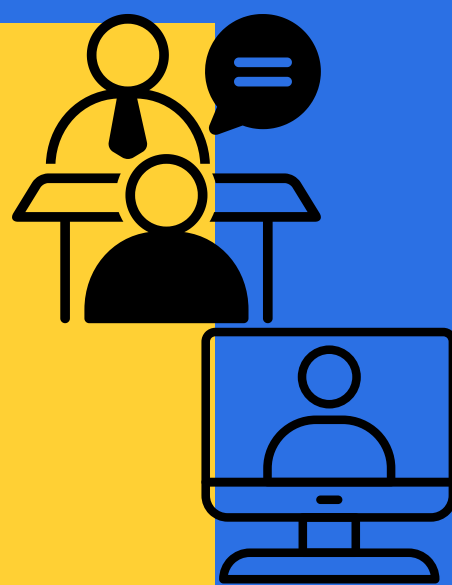

The Offer

The courses on offer will mainly be Advanced Highers for students in S6, but there will be some Higher courses that both S5 and S6 students can select. We hope to expand this offer in the future.

The Details

The subjects that are on offer will either run in column B or D. Column B will run on Monday and Wednesday afternoons. Column D will run on Tuesday and Thursday afternoon. Each column will have one face-to-face teaching session and one virtual afternoon.

The Details

In most schools students will also have one period for independent work associated with the chosen Angus Academy course. This will allow students to undertake elements of written coursework for submission.

Angus Academy

On each school's course choice sheet, you will see what courses are on offer and where they are on offer. Some Advanced Highers will still be delivered outwith the Angus Academy offer or via the Tayside Regional Improvement Collaborative (TRIC).

Entry Requirements

Students who wish to opt for one of the Angus Academy courses should be on track to achieve an A/B pass at H/N5, as appropriate, in the same subject (in some cases similar subjects will be considered). There may also be specific entry requirements in the course guide.

Getting There

Transport arrangements will be put in place to ensure that students are able to travel from their own school to the school where the Angus Academy offer is being delivered. Students will be returned to their home school by the end of the school day.

The Right Choice

It is hoped that Angus Academy will offer exciting opportunities for the young people of Angus and is similar to schemes already run in other local authority areas. The hybrid model of delivery will encourage independence and help best prepare our young people for life beyond school.

Any Questions?

For further information on any of the courses or how Angus Academy will operate, please refer to the course guide or speak to your Pupil Care and Support Teacher.
