School Statement on Bullying:

At Brechin High School we treat everyone with respect - bullying of any kind is unacceptable. Our school is a place where everyone should feel safe, happy and included.

Aim and Purpose of This Policy:

Bullying behaviour impacts on young people's wellbeing and can affect their participation, attainment and inclusion.

Bullying of any kind is unacceptable. At Brechin High School the safety, welfare, and well-being of all learners and staff is a key priority. All allegations/incidents of bullying are taken seriously, and it is our duty as a whole school community to take measures to prevent and tackle any bullying, harassment, or discrimination.

Through actively promoting our school values of friendliness, achievement, inclusion, trust & respect and honesty we want to enable our students to become responsible citizens and prepare them for their adult life. These values reflect those that will be expected of our young people by society when they leave school, and enter the world of work or further study.

We are committed to improving our school's approach to tackling bullying by regularly monitoring, reviewing, and assessing the impact of our preventative measures.

Recognising Bullying:

Whenever a child or young person feels bullied, victimised, distressed or 'got at' by others, intervention should be taken promptly. Our pupils' want to be listened to and taken seriously, and that action be taken to address the bullying behaviour.

Bullying is hurtful or unkind behaviour. Bullying is behaviour that can make people feel hurt, threatened, frightened and left out. This behaviour happens face-to-face and online.

The nature of bullying can be:

- **Physical** - such as being hit, tripped, pushed or kicked, physically intimidating someone, or using inappropriate physical contact towards someone.
- **Verbal** - such as name calling, spreading rumours, using derogatory language or threatening someone.
- **Psychological** - such as deliberately excluding or ignoring someone.

- **Cyber/Online** - such as sending, forwarding or sharing abusive messages, pictures or images on social media, online gaming platforms or phone
- **Attacking property** - such as damaging, stealing or hiding someone's possessions.

Bullying or Conflict?

We recognise the importance for young people to discuss how they feel and help them develop resilience to manage their relationships. We understand that young people will fall out and disagree with each other as they form and build relationships. This is a normal part of growing up and most children and young people can bounce back from this type of behaviour. The main issue to be taken into consideration is how the behaviour has made a child or young person feel. If a young person feels bullied this should be dealt with through the Bullying policy.

Conflict	<ul style="list-style-type: none"> ● disagreement or difference of opinion ● inevitable part of group dynamics ● equal power between those involved ● usually an isolated incident ● all involved make an effort to resolve the situation
Bullying	<ul style="list-style-type: none"> ● based on an imbalance of power ● the intent to harm - on purpose ● happens repeatedly ● serious - causes physical or emotional harm ● does not stop when asked

Hate Crimes/Protected Characteristics:

Responding to Bullying:

Our approach to challenge bullying behaviour is rooted in our school values of friendliness, achievement, inclusion, trust & respect and honesty. Pupil wellbeing is at

the centre of our response and we aim to create an opportunity where the pupils can learn and change their behaviour.

We believe we all have a choice on how we behave and act towards others. To create an inclusive environment where each young person can thrive, positive relationships are vital. Young people will be supported to develop resilience and to always act in a kind way towards others.

We believe it is important that our young people feel valued, listened to and supported. We will challenge prejudice behaviour, provide clear expectations (promoting high standards) and offer a variety of ways in which to respond to bullying behaviour.

As a school we are committed to responding quickly and dealing effectively with any suspected bullying behaviour we use a "Report, Investigate, Possible Action" approach to reporting a bullying incident.

The young person who has experienced bullying behaviour will receive appropriate support and protection.

For example: -

- The opportunity to speak to an adult within the school
