S5 PATHWAY PLANNING

1

Think about your strengths - what are you good at? Think about your pathway - where do you want to end up? Are there careers or industries that interest you?

2

You have studied 5 subjects in S5. Consider which of these subjects you can take forward to the next level. This won't be an option for all subjects, so you may want to look at other similar courses within the same faculty.

3

Remember to pick subjects based on your strengths, interests and future plans - not on what your friends are doing or the teachers, as these can change!

4

In S6 you have the option to study in alternative ways:
Angus Academy - Higher and Advanced Highers offered at schools across Angus in a hybrid model (online and in person.
TRIC - Higher and Advanced Highers delivered mainly online by teachers across Tayside.

5

In S6 you can also choose to keep one of your columns 'free' for additional private study. Open University courses run by YASS are available so you can experience Higher Education study. You will also have PSE and Wider Achievement classes as part of your core subjects.

6

Make sure you consider your next steps beyond S6. Your choices now will lay the foundation for your future after Brechin High School - ensure you are taking subjects that allow you to progress to reach your full potential

Subject Choices

You will need to choose ONE subject from each column. You will also be studying a Wider Achievement course, as well as core PSE and optional PE.

Level	A	B	C	D	E
N5 only	Biology PE Practical Cookery Creative Industries Modern Studies	History Geography French Computing Practical Woodwork	Chemistry History Music Photography Practical Metalwork Maths	Practical Cookery PE Art Practical Metalwork Travel & Tourism English	English Maths Apps Maths
N5/Higher	Fashion & Textiles Graphics Comp Games	Health & Food	Scottish Studies	Admin Health & Food	Esports
Higher Only	Geography English	Art English Sports Development Chemistry Philosophy – AA (BHS)	PE Music Maths	Biology History	English Apps Maths Photography Physics
Advanced Higher		Computing – AA (BHS) *Biology – AA* *English – AA* *History – AA* *Maths – AA* *PE – AA* *Physics – AA* *Statistics - AA*	English	*Chemistry – AA* *French – AA* *Geography – AA* *History – AA* *Maths – AA* *PE – AA* *Mod Studies – AA* *Physics - AA*	

** Computing Science H and AH and Philosophy H are Angus Academy courses but are delivered in Brechin High School.

AH Maths and AH Geography may also be offered if there is demand - please note your interest on the course choice form.

The following pages contain further information on each of the courses offered, the pathway from S6 and where the qualification could lead you. Courses are organised by Faculty:

- **Expressive Arts**
- **Health Improvement**
- **Languages**
- **Maths**
- **Science**
- **Social Subjects**
- **Technologies**

If you would like further information on the courses, please see your class teacher or the faculty PT.

ART & DESIGN - NATIONAL 5

CONSIDER TAKING THIS IF:

You are interested in developing your creative and design skills.
Focusing on subject matter and themes that are personal to you.
Looking to develop a portfolio for further creative learning.
Interested in pursuing a career in expressive arts

YOU WILL LEARN ABOUT:

Developing media handling skills, problem solving in design and learning to create a successful folio following a single line of development.
Explore themes and ideas that are of an interest/personal to you
Expanding on your Art & Design vocabulary
Learning to analyse and write about artworks and designs with confidence

REQUIRED PRIOR QUALIFICATIONS

It would be beneficial for a National 5 candidate to have experienced the Art & Design course in S4

THIS QUALIFICATION COULD TAKE YOU:

Into further Art & Design course in High School (Higher and Advanced Higher) as well as a very wide range of college and university courses. Many of our pupils have succeeded in courses such as Product Design, Architecture, Fine Art, Jewellery and Metal work, Animation, Art History and many more

YOU WILL BE ASSESSED BY:

An expressive and design folio will be worked on throughout the year and submitted in March
Written exam is prepared for throughout the year with a prelim in December and then exam in May
The folio accounts for 80% of your total mark and the paper 20%.

ART & DESIGN - HIGHER

CONSIDER TAKING THIS IF:

You are someone who wants to develop their creative and design skills.
Choosing to proceed with further learning/career in creative subjects
Have passion for developing their creative ideas

YOU WILL LEARN ABOUT:

Following creative processes and developing your skill at higher level.
Identifying themes and subjects that are of interest or personal to you.
Exploring media handling
Learning about artists and designers and understanding higher level terminology so that you can confidently analyse art and design works for the written exam

REQUIRED PRIOR QUALIFICATIONS

National 5 Art & Design

THIS QUALIFICATION COULD TAKE YOU:

Progress to Advanced Higher Art & Design
College/University of which there are an exciting range of courses

YOU WILL BE ASSESSED BY:

Two folios – one expressive and one design and a written exam.
The folios are sent away and marked by SQA and the written exam is completed in the school.
The folios are worth 80% of your overall mark and the written exam is worth 20%.

CREATIVE INDUSTRIES - NATIONAL 5

CONSIDER TAKING THIS IF:

You enjoy thinking creatively, taking a leadership role and trying new things. You want to learn how to work in the 'real' world and find out what career opportunities are available to you.

YOU WILL LEARN ABOUT:

You will learn about the different areas in Creative Industries (Music, Media, Art & Design, Events & Catering and Fashion) and the possible career pathways that exist for you.

REQUIRED PRIOR QUALIFICATIONS

Previous study in Creative Industries, Art & Design and/or Music

THIS QUALIFICATION COULD TAKE YOU:

Careers in the creative industries such as theatre, art, design, music, event planning and fashion.

YOU WILL BE ASSESSED BY:

You will be assessed on your Metaskills (Self-management, Social intelligence and Innovation) through various projects you will be expected to complete.

USEFUL RESOURCES

https://www.skillsdevelopmentscotland.co.uk/

MUSIC - NATIONAL 5

CONSIDER TAKING THIS IF:

You enjoy performing, creating and listening to music. You want to improve skills such as patience, discipline and resilience.

YOU WILL LEARN ABOUT:

You enjoy performing, creating and listening to music. You want to improve skills such as patience, discipline and resilience.

REQUIRED PRIOR QUALIFICATIONS

National 4 music or competency on an instrument.

THIS QUALIFCATION COULD TAKE YOU:

- Continue with music at Higher or Advanced Higher level. It can also open doors to many different careers through Creative Industries. For example in the Media industry, Events and Catering industry, Art & Design Industry and Fashion Industry

YOU WILL BE ASSESSED BY:

- National 3&4 you will be expected to demonstrate skills in the following:
- Composing / Performing / Understanding Music
- National 4 you will be expected to perform an 8 minute programme on two instruments. This will be assessed internally.
- National 5 you will be expected to

★ Perform an 8 minute programme on 2 instruments to an external examiner (Feb/March)

★ Compose an original composition and write a review which will be sent away for external marking (March)

★ Complete Listening exam which will be externally marked (April)

USEFUL RESOURCES

My Music Online (Website)
Grade 1-3 theory ARSBM

MUSIC - HIGHER

CONSIDER TAKING THIS IF:

You enjoy performing, creating and listening to music. You want to continue building on your skills such as patience, discipline, self expression, confidence and resilience.

YOU WILL LEARN ABOUT:

You will learn how to perform challenging music on two instruments. You will compose and write a review of an original piece of music. You will learn about music concepts and how to identify them in audio examples.

REQUIRED PRIOR QUALIFICATIONS

- Music - National 5 or competency on an instrument.

THIS QUALIFCATION COULD TAKE YOU:

- Advanced Higher Music
- Creative Industries
- NPA Music

YOU WILL BE ASSESSED BY:

- ★ Perform a 12 minute programme on 2 instruments to an external examiner (Feb/March)
- ★ Compose an original composition and write a review which will be sent away for external marking (March)
- ★ Complete Listening exam which will be externally marked (April)

USEFUL RESOURCES

Youtube, Pinterest

PHOTOGRAPHY - HIGHER

CONSIDER TAKING THIS IF:

You are creative, you enjoy taking photos or even want to start taking photos. If you are interested in developing a range of skills, such as research and presentation. To be mentally stimulated and have a practical outlet for your own creativity.

YOU WILL LEARN ABOUT:

How to use digital SLR cameras, you will learn about exposure, composition and story telling through your photographs. Also, how to develop planning and time management skills. You will select your own theme for your folio after completing internally assessed classwork.

REQUIRED PRIOR QUALIFICATIONS

Ideally NPA Photography but not always necessary.
Nat 5 English will help you to analyse photographs.

THIS QUALIFICATION COULD TAKE YOU:

Advanced Higher Art (using Photography as your medium)
HNC or HND at college
Degree in Photography at University

YOU WILL BE ASSESSED BY:

An externally assessed folio worth 100 marks and a written exam worth 30 marks.

USEFUL RESOURCES

PRACTICAL COOKERY - NATIONAL 5

CONSIDER TAKING THIS IF:

If you enjoy the practical side of Health and Food in S3 and interested in being involved in the food industry.

YOU WILL LEARN ABOUT:

Essential food preparation, cooking, and presentation skills, focusing on hygiene, safety, planning, and using ingredients.

REQUIRED PRIOR QUALIFICATIONS

S3 Health and Food Technology (HFT)

THIS QUALIFICATION COULD TAKE YOU:

- College Courses: Progress to National 6 courses, NPA in Professional Cookery, or HNC in Professional Cookery.
- SVQs & Diplomas: Can lead to vocational qualifications in Culinary Arts or Hospitality.
- Career Pathways in the Hospitality Industry: Opens doors to working in hotels, restaurants, cafes, and event catering as a Commis Chef or Kitchen Assistant.
- Also careers in Food Manufacturing, Health Sector and Leisure & Tourism:

YOU WILL BE ASSESSED BY:

Practical activity (planning and cooking a three-course meal), Assignment (planning linked to the practical) Written question paper

USEFUL RESOURCES

FASHION AND TEXTILES - NATIONAL 5

CONSIDER TAKING THIS IF:

You enjoy a mixture of practical and theory relating to sewing techniques and product development

YOU WILL LEARN ABOUT:

You learn about textile properties, construction, and technologies, how to plan and make
detailed fashion items using patterns and equipment, and the factors influencing trends and consumer choices,

REQUIRED PRIOR QUALIFICATIONS

S3 Fashion and Textiles or National 4 fashion & Textiles

THIS QUALIFICATION COULD TAKE YOU:

Higher Fashion & Textiles
Further Education College and University degrees in Art, Fashion and textiles and creative industries.
Career Opportunities in areas such as:
Design & Creation: Fashion Designer, Costume Designer,
Industry & Manufacturing: Textile Technologist, Manufacturing
Retail & Marketing: Fashion Buyer, Marketing Assistant, Retail Management.
Other Creative Fields such as Interior Design,
Teaching in Home economics/Fashion textiles

YOU WILL BE ASSESSED BY:

Question Paper, Assignment and Practical Activity (design, make, evaluate a fashion item from a brief)

USEFUL RESOURCES

ENGLISH- ADVANCED HIGHER

CONSIDER TAKING THIS IF:

You enjoy reading challenging texts, exploring ideas in depth and developing your own independent views. Advanced Higher English is ideal if you like discussing literature, writing critically and creatively, and are motivated to work independently. If you are considering university or enjoy academic study, this course offers excellent preparation.

YOU WILL LEARN ABOUT:

In Advanced Higher English, you will study literature in much greater depth and develop advanced critical, analytical and independent learning skills. You will: · Study a range of complex literary texts from different periods and genres · Develop sophisticated critical analysis, focusing on language, form, structure and context · Carry out independent research, selecting texts and developing a line of critical enquiry · Produce extended analytical and creative writing with a strong personal voice

REQUIRED PRIOR QUALIFICATIONS

· Higher English (A or B recommended)
A strong interest in reading and independent study skills.

THIS QUALIFICATION COULD TAKE YOU:

Advanced Higher English is highly valued by universities, colleges and employers. It provides excellent preparation for degree-level study, particularly in subjects such as English, Law, Journalism, Education, History, Politics, Philosophy and the Humanities. The research, writing and critical thinking skills developed in Advanced Higher English are transferable to almost all academic and professional pathways.

YOU WILL BE ASSESSED BY:

Assessment is made up of coursework and a final exam. · Coursework: A Dissertation (independent critical research project) and a Creative Writing folio (e.g. short stories, poetry or other forms)
· Final Exam: A Textual Analysis paper on an unseen text and a Literary Study paper on at least two texts you have studied in class

USEFUL RESOURCES:

· SQA Advanced Higher English
· University-style literary criticism and academic articles
· School library and online database

SPANISH - NATIONAL 5

CONSIDER TAKING THIS IF:

You enjoy communicating with others and learning about different cultures. If you want to improve your confidence, develop communication skills and open up global opportunities, this subject is for you! It is excellent for careers in travel, teaching, business, law, and media.

YOU WILL LEARN ABOUT:

Detailed language in real-life contexts like society, learning, employability, and culture. You will develop skills in reading, listening, talking, and writing. You will explore topics such as family, healthy living, media, travel, future study, and global citizenship while learning how language works.

REQUIRED PRIOR QUALIFICATIONS

Modern Languages, Spanish or Languages and Culture

THIS QUALIFICATION COULD TAKE YOU:

Further in languages to Higher or Advanced Higher. Languages are highly valued by employers and universities. Career pathways include tourism, teaching, international business, journalism, translation, interpreting, hospitality, and law. It pairs well with almost any other subject.

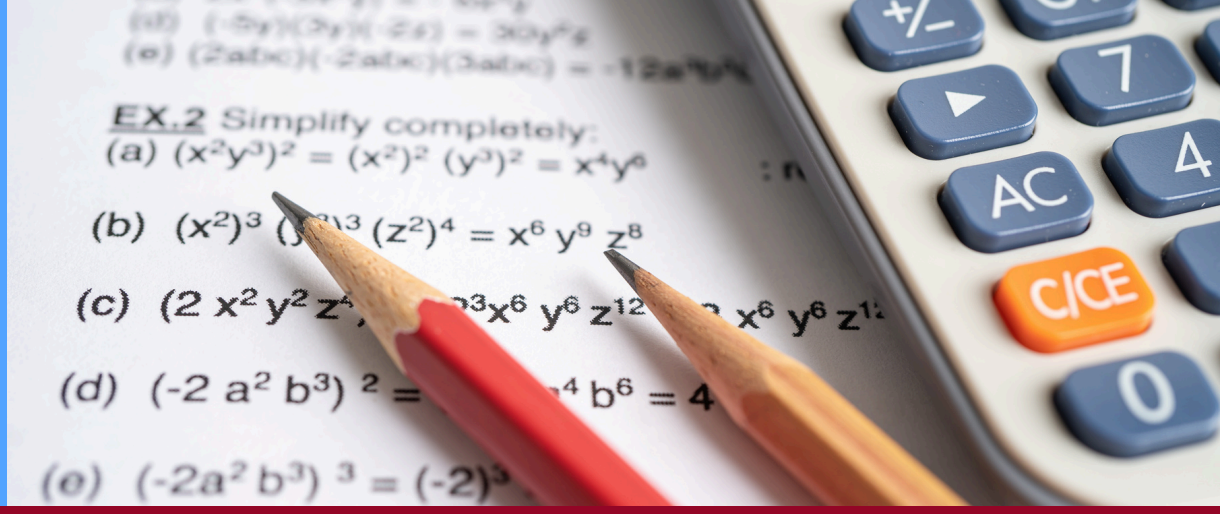

YOU WILL BE ASSESSED BY:

National 5: A final exam (Reading and Writing paper; Listening paper) and a writing assignment done in class. You will also do a talking performance assessment with your teacher.

USEFUL RESOURCES:

National 5 Modern Languages: https://www.sqa.org.uk/sqa/45775.html · Scholar: https://scholar.hw.ac.uk/ ·

APPLICATIONS OF MATHEMATICS - NATIONAL 5

YOU WILL LEARN ABOUT:

- Learning mathematics develops logical reasoning, analysis, problem-solving skills, creativity and the ability to think in abstract ways. It uses a universal language of numbers and symbols, which allows us to communicate ideas in a concise, unambiguous and rigorous way.
- The National 5 Applications of Mathematics course explores the applications of mathematical techniques and skills in everyday situations, including financial matters, statistics, and measurement.
- The skills, knowledge and understanding in the course also support learning in other curriculum areas.

REQUIRED PRIOR QUALIFICATIONS

Nat 4 Mathematics
Level 5 Numeracy

THIS QUALIFICATION COULD TAKE YOU:

- Higher Applications of Mathematics

YOU WILL BE ASSESSED BY:

One final examination at the end of the course consisting of two papers. One Calculator and one Non-calculator.
There will be regular progress checks and two prelims before the final exam.

BIOLOGY- NATIONAL 5

CONSIDER TAKING THIS IF:

You have an enthusiasm for biology within the environment, multicellular organisms and cellular biology. You would like to develop your understanding of biology's role in scientific issues including the impact these could make on society and the environment.

YOU WILL LEARN ABOUT:

Cell biology looking at cell sturcutre, transport across cell membranes, DNA and the production of proteins, proteins, genetic engineering and respiration. Multicellular organisms looking at producing new cells, controls and communication, reproduction, variation and inheritance, transport systems in plants and animals and absorption of materials. Life on earth looking at ecosystems, distribution of organisms, photosynthesis, energy in ecosystems, food production and evolution of species.

REQUIRED PRIOR QUALIFICATIONS

Biology

THIS QUALIFICATION COULD TAKE YOU:

To National 5 biology if sitting National 4 biology or Higher biology if sitting National 5 biology.

YOU WILL BE ASSESSED BY:

National 4 Biology there is no exam. You will be assessed throughout the year with small assessments. You will also need to do an independent research project and write a lab report. In National 5 you will be assessed with an exam at the end of the year and with a piece of coursework - an assignment. You will sit assessments during the year to check your progress for each unit.

GEOGRAPHY - HIGHER

CONSIDER TAKING THIS IF:

You enjoy learning about the world and how real world problems relating to people and our planet can be fixed.

YOU WILL LEARN ABOUT:

how the sea, rivers and glaciers have changed our landscape, how soils form, factors affecting worldwide climates, how cities and rural areas are changing in different parts of the world and how changing populations impact different areas. You will also explore changing energy demand and climate change, and how countries deal with these issues.

REQUIRED PRIOR QUALIFICATIONS

National 5 Geography or, National 5 Travel & Tourism, History or Modern Studies (with a teacher recommendation) and National 5 English

YOUR LEARNING COULD LEAD YOU TO STUDY:

further in Geography - Advanced Higher, Geography or Geosciences at university, or into studying Travel and Tourism. Many careers are linked to Geography and the key skills you learn in the subject including agriculture, engineering, fashion, education, science, medicine, energy production.

YOU WILL BE ASSESSED BY:

2 exam papers and a piece of coursework on a geographical topic of your choice.

USEFUL RESOURCES

https://www.sqa.org.uk/sqa/47922.html
https://www.bbc.co.uk/bitesize/subjects/zmhs34j

GEOGRAPHY - ADVANCED HIGHER

CONSIDER TAKING THIS IF:

You have a passion for Geography and independent research, and you want to build skills used by professionals to analyse our world.
You are a self-motivated learner who wants to bridge the gap between school and university.

YOU WILL LEARN ABOUT:

Advanced data collection and analysis methods - perfect for a career in Geography or Science. You will study complex Earth-Atmosphere interactions and how human activities impact fragile environments. A major focus is placed on your Independent Research Project, where you will plan, conduct, and write up a detailed study on a geographical topic that interests you

REQUIRED PRIOR QUALIFICATIONS

Higher Geography (Grade A or B) and Higher English. Success in Higher Mathematics can also be beneficial due to the increased focus on statistical analysis.

YOUR LEARNING COULD LEAD YOU TO STUDY:

Directly into specialized university degrees such as Geology, Environmental Science, Urban Planning, or International Development.
The high level of independent research prepares you for careers in data science, environmental consultancy, government policy-making, and high-level project management.

YOU WILL BE ASSESSED BY:

The Project-Folio: A significant independent research report (the Study) and a critical essay (the Issues essay) - this is worth 67% of your final grade.
The Question Paper: A final exam focusing on Geographical Skills and Issues - this is worth 33% of your final grade.

https://www.rsgs.org/chalk-talks-advanced-higher

HISTORY - NATIONAL 5

CONSIDER TAKING THIS IF:

Studying history is valuable for several reasons, and none of them require you to be a historian or love memorizing dates. Here's why it matters:

1. It helps you understand the very complicated world you live in.
2. It sharpens your thinking.
3. It helps you participate more thoughtfully in society.
4. It gives you a sense of identity.
5. It's just interesting.

YOU WILL LEARN ABOUT:

The First World War, British History between 1760 and 1914 and the rise to power of the Nazis in Germany.

The First World War had a massive impact upon Scotland. Much more so than the impact of the Second World War. You will learn why this was the case. You will also learn about the huge changes that occurred in Britain during the period 1760-1914, which is sometimes known by the term - The Industrial Revolution. Lastly, you will learn about how Adolf Hitler and his Nazi thugs managed to take power in Germany and then abuse that power.

REQUIRED PRIOR QUALIFICATIONS

- History

THIS QUALIFICATION COULD TAKE YOU:

- Higher and Advanced Higher History
- History also gives a brilliant foundation of skills that support many careers, such as: education, museum curator, archivist, technician, preservationist or a genealogist, writing, as an author or editor, historical researcher for documentaries/films or journalism, government and/or public Service in the foreign and diplomatic service, intelligence and public policy, Law & Legal-Adjacent Careers and many more!

YOU WILL BE ASSESSED BY:

A final exam worth 80 marks and an added value unit, which is worth 20 marks.

HISTORY - HIGHER

CONSIDER TAKING THIS IF:

You enjoyed National 5 History and you want to learn about real stories — dramatic, tragic, inspiring, surprising — that are often more compelling than fiction.

YOU WILL LEARN ABOUT:

Scotland and the Great War - you will learn about the impact of World War One on Scotland, looking at the Western Front, society and politics.

Life in Britain between 1851 and 1951 - you will learn about political reform in Britain e.g. Labour government, liberal reforms and women and the vote.

Life in the USA between 1918-1968 - you will learn about immigration after World War One and the civil rights movement.

REQUIRED PRIOR QUALIFICATIONS

- National 5 History or, National 5 Travel & Tourism, Geography or Modern Studies (with a teacher recommendation) and National 5 English

THIS QUALIFICATION COULD TAKE YOU:

- Further with History e.g. Advanced Higher History or History at university. Into education, writing, the civil service or, many history related careers such as archaeologist, archivist, museum curator or a genealogist.

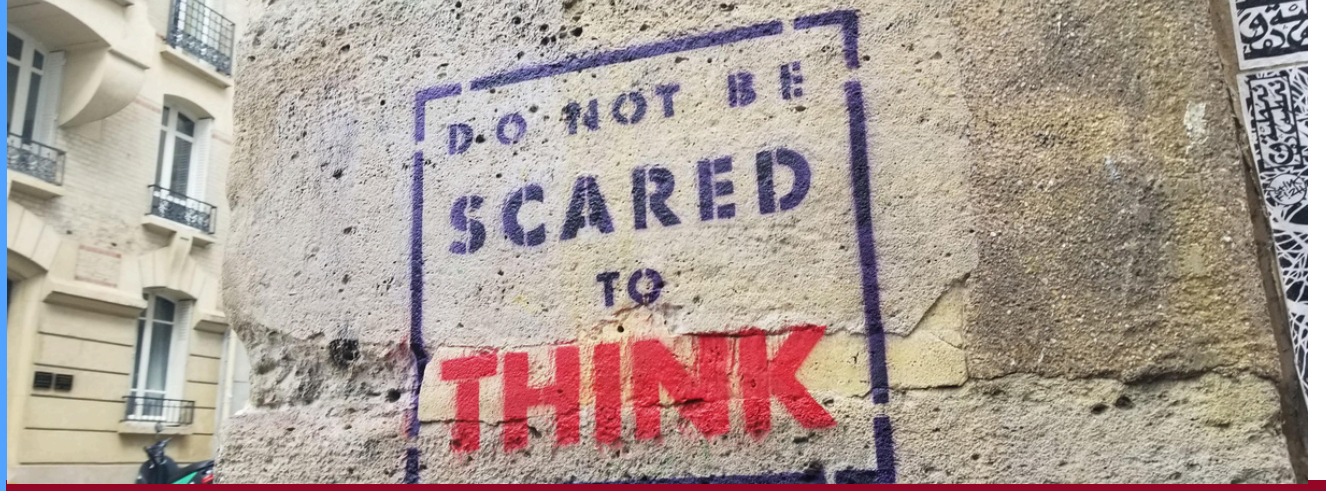

YOU WILL BE ASSESSED BY:

2 exam papers and a piece of coursework on a historical topic of your choice

PHILOSOPHY - HIGHER (AA)

CONSIDER TAKING THIS IF:

You love to learn! Philosophy means Love of Wisdom, so if you enjoy debating different world issues or contemplating some of the ultimate questions about the world – how do we come to know things? – can knowledge ever be certain? - how do we decide between right and wrong? - Then you're already thinking like a Philosopher!

YOU WILL LEARN ABOUT:

You will develop your critical thinking skills – your ability to examine arguments, put forward your ideas clearly and develop new ideas. You will also study the works of Descartes and Hume, evaluating their arguments for how we gain knowledge, and you will explore morality and ethics and how we can make the 'right' decisions.

REQUIRED PRIOR QUALIFICATIONS

Higher English A/B
Higher Modern Studies or History A/B

THIS QUALIFICATION COULD TAKE YOU:

Philosophy is a good subject to study before, alongside or following the study of other social subjects such as History and Modern studies. The literacy and critical thinking skills developed in higher Philosophy give a strong foundation for further study in almost every University course. Completion of the course is particularly desirable for many social subjects and humanities, as well as professions such as Law, Politics and Psychology.

YOU WILL BE ASSESSED BY:

There is no coursework in Higher Philosophy.
There are 2 exams. Paper 1 will assess your essay skills and oyu will answer 2 30 mark essay questions from 2 of the 3 units.
Paper 2 is short questions, mainly on Unit 1 but also some short questions on the other 2 units.

USEFUL RESOURCES

Philosophy - SQA

SCOTTISH STUDIES - LEVEL 6

CONSIDER TAKING THIS IF:

You have previously enjoyed Social Subjects classes - Geography, History, Modern Studies, RME and Travel and Tourism - and you like to learn about a mix of these subjects.
You want to take a Higher level qualification but you think you will struggle with a Higher in Geography/History/Politics.

YOU WILL LEARN ABOUT:

Travel and Tourism in Scotland - focusing particularly on why tourists visit Scotland and how to meet the needs of different clients.
A Scottish topic of your choice - you will complete a detailed research project about this.
Two of the following areas (this will be confirmed in June):
Geography - how have glaciers changed Scotland and how the land they changed is now used?
RME - how do different religions and beliefs impact Scottish people?
History - what impact did World War One have on Scotland, looking at the Western Front, society and politics?
Modern Studies - how do social issues and democracy impact people in Scotland?

REQUIRED PRIOR QUALIFICATIONS

National 5 History, National 5 Travel & Tourism, Geography, Philosophy or Modern Studies and National 5 English

THIS QUALIFICATION COULD TAKE YOU:

Into Higher Geography, History, Politics or Philosophy.
Into a Social Science at college/university.

YOU WILL BE ASSESSED BY:

There is no exam but, each topic has a specific set of assessments that you must pass to complete the full course.

TRAVEL & TOURISM - NATIONAL 5

CONSIDER TAKING THIS IF:

- You like to travel and learn about travel, you want to get ready for life after school by building key employability skills.

YOU WILL LEARN ABOUT:

- Tourism in Scotland and around the world through the work of a tour operator and an airline. You will learn how to research and plan holidays, what activities cabin crew do and, how to make yourself super employable by being able to deliver excellent customer service and evaluate your own skills.

REQUIRED PRIOR QUALIFICATIONS

- Geography
- Hospitality
- Climate, Energy, Life Today and Tourism

YOUR LEARNING COULD LEAD YOU TO STUDY:

To complete Level 6 Scottish Studies
It will help you get a job within the Travel & Tourism, Hospitality and Customer Service (e.g. retail) industries. It will also help you become much more confident at working with customers so it is great for building the skills to get a part-time job while you're still at school.
You can study Travel and Tourism, and Cabin Crew and Aviation courses at Dundee and Angus and Robert Gordons Colleges.

YOU WILL BE ASSESSED BY:

Completing small assessments throughout the year. There is no exam but, you need to pass all assessments to get the qualification. Assessments include planning a full holiday for someone, creating and delivering a pre-flight safety briefing and demonstrating that you can deal with a customer complaint.

BBC Travel - https://www.bbc.co.uk/travel

ADMINISTRATION & IT - NATIONAL 5

CONSIDER TAKING THIS IF:

This course is designed for learners who are interested in administration and the practical uses of IT.

YOU WILL LEARN ABOUT:

- administration theory in the workplace
- IT skills and use them to perform administrative tasks
- organisational skills in the context of organising and supporting events

REQUIRED PRIOR QUALIFICATIONS

S3 Admin/Business, National 4/5 Business

THIS QUALIFICATION COULD TAKE YOU:

Higher Admin, Level 6 Customer Service.
This is a good qualification to develop transferable skills for employers.

YOU WILL BE ASSESSED BY:

You will be assessed by an exam worth 50 marks and an assignment worth 70 marks.

USEFUL RESOURCES:

https://www.sqa.org.uk/sqa/47435.html

ADMINISTRATION & IT - HIGHER

CONSIDER TAKING THIS IF:

You enjoy working with computer software applications and problem-solving
· You want to develop workplace skills and knowledge suitable to an office environment
· You have an eye for detail

YOU WILL LEARN ABOUT:

- You will learn theory related to working in a professional workplace
- You will learn to develop your skills in word processing, using spreadsheets and databases and creating presentations.

REQUIRED PRIOR QUALIFICATIONS

A pass at N5 Admin & IT, if taken. If not, passes in N5 English, N5 Business Administration, N5 Computing (or equivalent), N5 Apps

THIS QUALIFICATION COULD TAKE YOU:

To college, university or the workplace in fields such as · Administration
· Office Management
· Event Planning
· Human Resources

YOU WILL BE ASSESSED BY:

· A computer-based assignment demonstrating your problem-solving and practical skills (58%)
· A written exam paper assessing your knowledge of theory (42%)

USEFUL RESOURCES:

SQA: https://www.sqa.org.uk/sqa/47918.html

COMPUTER GAMES DEVELOPMENT - NPA LEVEL 5/6

CONSIDER TAKING THIS IF:

You are interested in learning how to design and make a computer game and all the related visual, audio and animations required in a computer game.

YOU WILL LEARN ABOUT:

Design aspects of computer games, development and making the assets required in a computer game such as animations and 3D models, the coding required to make your own computer game and testing of your game.

REQUIRED PRIOR QUALIFICATIONS

No previous courses are required although a keen interest in Computing Science and/or Design will help in preparation.

THIS QUALIFICATION COULD TAKE YOU:

A higher level if you have completed level 4 or 5. (in school) Further modules in Computer Games development at level 6 and/or the National Certificate in Computer Games Development. (in school) College and University courses in Games Development and Testing. You can choose to specialise in programming, media development or the technology that supports gaming.

YOU WILL BE ASSESSED BY:

There are no exams in Computer Games Development, the course is assessed continuously through assignments throughout the year

USEFUL RESOURCES:

SQA Computer Games Development

COMPUTING SCIENCE - NATIONAL 5

CONSIDER TAKING THIS IF:

This course is for learners who are considering further study or a career in computing science. It provides opportunities to enhance skills in planning and organising, working independently and in teams, critical thinking and decision making

YOU WILL LEARN ABOUT:

- computational-thinking skills across a range of contemporary contexts
- key concepts and processes in computing science computing concepts and computational behaviour
- the role and impact of computing science in changing and influencing our environment and society

REQUIRED PRIOR QUALIFICATIONS

S3 Computing, National 4 computing science

THIS QUALIFICATION COULD TAKE YOU:

Higher and Advanced higher Computing
Level 6 NPA Computer games Development
Level 6 NPA ESports
Further study of computing at college or university.
Careers in IT.

YOU WILL BE ASSESSED BY:

A Question paper worth 80 marks and an Assignment worth 40 marks.

USEFUL RESOURCES:

https://www.sqa.org.uk/sqa/56923.html

COMPUTING SCIENCE - HIGHER

CONSIDER TAKING THIS IF:

You enjoyed National 5 and want to go deeper into the technical "how" behind modern tech. This is for the problem-solvers who like building software and exploring cyber-security. If you want to master the logic that powers the digital world, Higher is for you. It challenges your thinking and builds a rigorous, professional approach to designing digital solutions — perfect if you aim for a career in engineering, science, or technology.

YOU WILL LEARN ABOUT:

Advanced modular programming (using parameter passing and standard algorithms) and complex Computer Systems, including binary data representation (2's complement, floating-point) and hardware performance. You will also master multi-table Database design using SQL and create interactive websites using HTML, CSS positioning, and JavaScript. The course also tackles real-world issues like encryption, the Computer Misuse Act, and the environmental impact of intelligent systems. You'll develop "computational thinking" to solve multi-stage problems effectively.

REQUIRED PRIOR QUALIFICATIONS

National 5 Computing Science (Grade A or B strongly recommended). Nat 5 Maths and Nat 5 English are desirable.

THIS QUALIFICATION COULD TAKE YOU:

It is a direct pathway to Advanced Higher and is highly valued for University courses like Computer Science, Software Engineering, and AI. Beyond tech, the logic and data-handling skills are excellent for careers in Law, Finance, and Engineering. Many students also move into modern apprenticeships in Cyber Security or Web Development. Professional tech literacy is a "universal" skill that gives you a competitive edge in almost any modern career path.

YOU WILL BE ASSESSED BY:

Question Paper (80 marks / 67%)
Assignment (40 marks / 33%)

USEFUL RESOURCES:

SQA Higher Computing Science website BBC Bitesize (Higher)
Scholar (Online learning platform)
ACHIEVE (Video lessons and quizzes)
W3Schools (For SQL and JavaScript practice)

ESPORTS - LEVEL 5/6

CONSIDER TAKING THIS IF:

You have an interest in the Esports industry, you enjoy playing computer games competitively or you have an interest in events management.

YOU WILL LEARN ABOUT:

The Esports industry and how it has developed. Skills and qualities required in Esports including games performance, coaching, media management, personal development and well being in gaming. You will have the opportunity to take part in the British Esports Open Championship in selected team games. You will also learn about events management, social media management and host an esports tournament

REQUIRED PRIOR QUALIFICATIONS

Computing and/ or Computer Games Development but this is not a requirement.

THIS QUALIFICATION COULD TAKE YOU:

Further study at Dundee & Angus College in the Esports industry to Degree level, Events management qualifications at University level and introduce you to pathways into the Esports industry.

YOU WILL BE ASSESSED BY:

The course is continuously assessed throughout the year by specific assessments through SQA Solar online assessment tools.

USEFUL RESOURCES:

https://britishesports.org/
https://dundeeandangus.ac.uk/courses/fdesci26-g-2fa/

GRAPHIC COMMUNICATION - NATIONAL 5

CONSIDER TAKING THIS IF:

You enjoy the classroom side of technical where we sketch, 3D model and complete graphic design tasks.

YOU WILL LEARN ABOUT:

3D CAD modelling, freehand sketching and rendering, Desk Top Publishing and how promotional graphics are used.

REQUIRED PRIOR QUALIFICATIONS

Practical Woodwork/metalwork National 5
Level 5/6 Computer Games Development

THIS QUALIFICATION COULD TAKE YOU:

Progression to Higher and Advanced Higher
Progression to Level 5/6 Creative Thinking Further study at college or university Apprenticeships with local companies

YOU WILL BE ASSESSED BY:

An assignment issued by the SQA but completed in class with your class teacher from during February/March. An 80 mark exam paper

USEFUL RESOURCES:

SQA https://www.sqa.org.uk/sqa/47459.html

GRAPHIC COMMUNICATION - HIGHER

CONSIDER TAKING THIS IF:

You are currently/have studied N5 GC. You enjoyed 3D modelling and sketching in junior school, or have enjoyed using working drawings in the practical subjects. You may also consider taking this if you enjoy sketching and enjoy being creative.

YOU WILL LEARN ABOUT:

3D CAD modelling, freehand sketching and rendering, Desk Top Publishing and how promotional graphics are used.

REQUIRED PRIOR QUALIFICATIONS

N5 Graphic Communication, N5 Woodwork, N5 Metalwork

THIS QUALIFICATION COULD TAKE YOU:

Advanced Higher Graphic Communication College and/or University to do Graphic Design or similar Apprenticeships or employment

YOU WILL BE ASSESSED BY:

An assignment issued by the SQA but completed in class with your class teacher from during February/March. An 80 mark exam paper.

USEFUL RESOURCES:

SQA
https://www.sqa.org.uk/sqa/47929.html

GRAPHIC COMMUNICATION - ADVANCED HIGHER

CONSIDER TAKING THIS IF:

You have done Higher Graphic Communication in S5.

YOU WILL LEARN ABOUT:

Investigate, research and evaluate the commercial contexts of graphic communication - understand the impact of advanced graphic communication technologies and activities on our environment and society - apply graphic communication design principles and techniques in various commercial contexts - use software applications to produce creative, meaningful and effective graphic items and solutions to contextualised problems and challenges -creatively apply graphic presentation work and animation techniques in commercial activities -learn and think independently

REQUIRED PRIOR QUALIFICATIONS

A pass at Higher

THIS QUALIFICATION COULD TAKE YOU:

A range of graphic-related Higher National Diplomas (HNDs) degrees in graphic design and related disciplines careers in graphic design, engineering, architecture, digital media, creative arts, interior design, marketing, landscape architecture and design further study, employment and/or trainin

YOU WILL BE ASSESSED BY:

90 mark exam and a 90 coursework assignment completed in class with your teacher.

USEFUL RESOURCES:

SQA https://www.sqa.org.uk/sqa/48470.html

PRACTICAL METALWORK - NATIONAL 5

CONSIDER TAKING THIS IF:

You enjoy practical subjects in the workshop and are interested in a career as a Welder/Fabricator or other related trade

YOU WILL LEARN ABOUT:

Reading a drawing to gain information to complete a project. Learning about different metalworking tools and machines, types of metal and different processes used during this project.

REQUIRED PRIOR QUALIFICATIONS

S3 Practical Skills or S3 Construction

THIS QUALIFICATION COULD TAKE YOU:

To further study at Level 5 Construction or other metalwork related courses – Welding etc
Apprenticeships with local companies

YOU WILL BE ASSESSED BY:

A project issued by the SQA but completed in class with your class teacher from November to March

USEFUL RESOURCES:

SQA https://www.sqa.org.uk/sqa/47461.html

PRACTICAL WOODWORK - NATIONAL 5

CONSIDER TAKING THIS IF:

You enjoy practical subjects in the workshop and are interested in a career as a Joiner or other related trade

YOU WILL LEARN ABOUT:

Reading a drawing to gain information to complete a project. Learning about different woodworking tools and machines, types of wood and types of joints during this project.

REQUIRED PRIOR QUALIFICATIONS

S3 Practical Skills or S3 Construction

THIS QUALIFICATION COULD TAKE YOU:

To further study at Level 5 Construction or other woodwork related courses – Joinery etc.
Apprenticeships with local companies

YOU WILL BE ASSESSED BY:

A project issued by the SQA but completed in class with your class teacher from November to March

USEFUL RESOURCES:

SQA https://www.sqa.org.uk/sqa/47462.html
