Exam stress and study support: a guide for pupils and parents and carers

Preparing for upcoming exams can be challenging, and you might be experiencing feelings of anxiety, pressure and overwhelm. Aberdeenshire Educational Psychology Service have collated some resources below that will help you understand and manage these feelings, alongside some practical tools to help you get started with your revision and to support your exam preparation.

Wellbeing

It is important to be aware of your thoughts and feelings and to know how to manage them. Here, you can find some information to support you to navigate and understand what might be happening in your brain, including the importance of sleep and how to relax and be mindful.
