

At Strathdevon we strive to be the best version of ourselves each and every day. Following our school values of Ambition, Friendship, Resilience and Respect helps us to do this.

Last year, we created our SMILE approach so that we are able to better understand and demonstrate our school values.

Stay Positive

Marvellous Manners

Individual but part of a Team

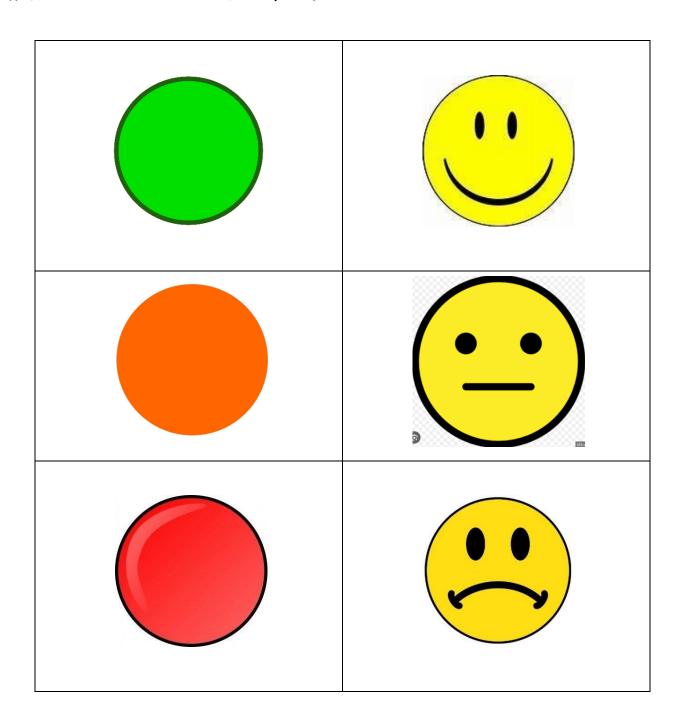

Love Learning

Everyone Matters

Here is how our SMILE links to our school values:

Ambition	Friendship
Love Learning	Individual but part of a Team
Resilience	Respect
Stay Positive	Marvellous Manners
	Everyone Matters

The choices we make affect ourselves and others around us. We can make green, orange or red choices and this can affect how we make ourselves and others feel.

We aim to make green choices every day, but when things don't go to plan there are steps that we need to follow to get things back on track.

Here is our choices and consequences framework that will help everyone to stay safe and be ready for learning.

Green Choices

Looks like...

Ambition

Love Learning

Friendship

Individual but part of a team

Resilience

Stay Positive

Respect

Orange Choices

Looks like...

- *Choosing not to follow instructions.
- *Choosing to interrupt learning on purpose.
- *Using unkind words and being disrespectful to others.
- *Behaving in an unsafe way that could hurt yourself or others.
- *Being disrespectful to others in school.

Red Choices

Looks like...

- *Hurting others in school.
- *Using inappropriate words (including swearing) to others.
- *Repeated behaviour towards another child or adult (bullying).
- *Damaging others or school property on purpose.

What will happen...

There are lots of ways that we recognise Green Choices in school.

- √ House Points
- ✓ Leadership Groups
