

Our School Improvement Plan

2012 - 2015

Dens Road
Primary School

Our School

We have a happy school.

We have a safe school.

This is a place to learn.

We learn in lots of different ways.

We are proud of what we do.

We always do our best in everything we do.

Visitors are welcome in our school.

We want to work together with our parents and the our friends in the community.

We treat each other with respect.

We are encouraged to stand proud and be all we can be.

We want everyone to know what is going on in our school.

We are working on projects to make sure we continue to improve our school.

Project 1

Learning and Teaching

We are working on ways to become better learners.

We all want to know how we learn.

We all want to know how to improve our learning.

We know our teachers, parents and peers will help us do these things.

Project 2

What are we learning?

We want all of the children to have better opportunities to learn about reading, writing, talking and listening.

We want all of the children to have a good understanding of number and mathematics.

We want all children to understand they are learning skills to help them in their future.

We want all children to be able to link the skills they are learning with the world of learning, work and life.

We want all children to understand the need to live healthy lives.

We want all children to have more opportunities to learn in a modern way using ICT across their learning to prepare them for the world of the future.

Project 3

How are we making sure we are always doing our best to deliver good learning and teaching?

All of the children, staff and parents along with our wider community will have the chance to have their say in how to improve the learning and teaching in our school.

Everyone will have the chance to know how well they are progressing in their learning and they will be able to identify what they need to do next to make their learning better.

Everyone involved in our learning will evaluate how good our learning is and make sure we always have the best learning opportunities available.
