

# Story Cube

Choose a story or chapter from a book you have read.

Use the [cube template worksheet](#) to create a story cube about it. If you do not have a printer, can you copy the template onto blank paper to create your own cube? (Remember to use a ruler and measure the length of each side!) You could do this A3 paper, if you have some, or A4.

Or, if you cannot create a cube, make a Story Mind Map! Remember, a Mind Map looks like this...

Use drawings, sentences and thought bubbles to show the information on each side of the cube (or section of your Mind Map), as follows:

- 1 - Setting
- 2 - Main characters
- 3 - Main event
- 4 - Prediction of what could happen next
- 5 - New words and their meanings
- 6 - Favourite part

Ask a family member to play with you. Roll the cube to see which side lands face up. Explain what can be seen on the side to your partner.
