

# Nursery Rhymes

## Two Little Dickie Birds

### Make

Birds are beautiful creatures. It is lovely to have birds come to the space outside your home. With an adult, use [these instructions](#) to create a simple bird feeder. Enjoy watching the birds come for a feast!

Create [bird finger puppets](#) to act out the story.

### Talk time

There are lots of different types of birds. Talk to an adult at home and list all the names of different birds you know. Sort them into categories (e.g. birds that can fly and birds that cannot).

### Join in

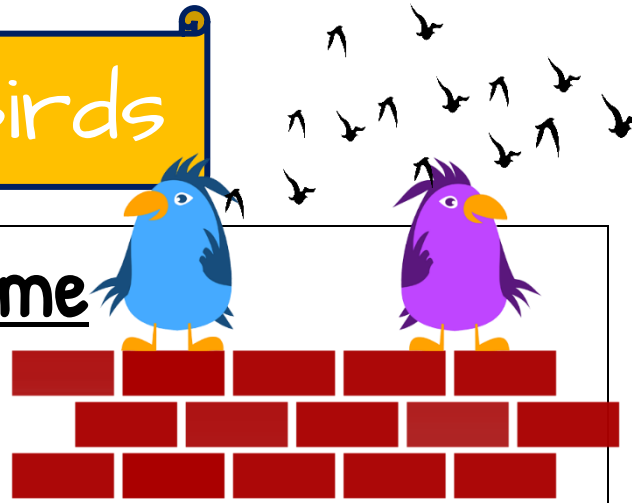

Listen to and sing along with [this musical version](#) of the Two Little Dickie birds rhyme.

Learn the [Makaton version](#) of Two Little Dickie birds with Mr Tumble.

Make up your own versions of the song (e.g. "Two little monkeys sitting in a tree. One named Carol. One named Lee.").

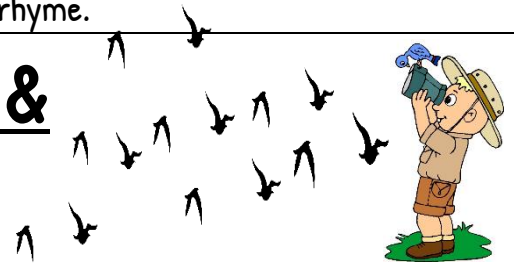

### Rhyme

Learn the rhyme (see rhyme sheet).

Practise saying the rhyme aloud. Make actions to go along with the rhyme.

### Watch & Learn

Birdwatching can be a fun hobby. You can do this outdoors or even from your windows on a rainy day. A pair of binoculars can help you with this. Use the [CBeebies guide to garden birds](#). How many of each type of bird did you spot?

### Languages

We learn French from Primary 1 at Our Lady's. Use [this video](#) to learn how to sing the rhyme in French. "Bonjour" means "hello", "au revoir" means goodbye and "je m'appelle" means "my name is".

There is also a nice version of the song in Scots, called "Twa Wee Birdies". [This guide](#) (page 23) contains the words to the rhyme.

We would love to see your learning shared to our Twitter Page (@[OurLadysPS](#))!
