Scot's Poetry Competition

On Thursday 15th February Maisie and Olivia represented Brydekirk at the Scot's Poetry Competition. This was held at St Columba's and attended by all of the schools in the Annan area. They practised really hard and performed well in front of the audience.

Attendance

92.14%

Assembly theme

This week we spoke about small acts of kindness. The children all thought about what small deeds they could do to make someone happy. I'm hoping some of your children might have acted on these and done something to make you smile.

P 4-7 Cross Country

This week the children have all been taking advantage of the better weather to practice for the cross country competition. They've been trying really hard to increase their stamina.

P 1-4

Miss Primrose's class has been working on coordinates this week. P1 children showed me how to write a set of coordinates and then place an object onto a grid. Some P3 children have been challenging themselves to complete coordinates in four quadrants. Very impressive work from all children.
