## Mrs Smart's Challenge

The first Mrs Smart's Challenge is as follows:

Make a picture using things you find in nature.

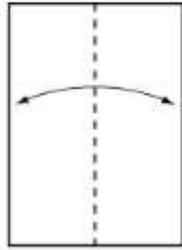

You can use any things you can find in your garden or outside but make sure you wash your hands really well after touching them.

You could use stones, sticks and leaves. You could also use flowers if they have fallen off a plant but you should not pick them. I would like you to give your picture a name. You do not have to bring your picture in doors but please ask an adult to take a photo of your work and help you to send it to me in Teams. Here are two examples as ideas.

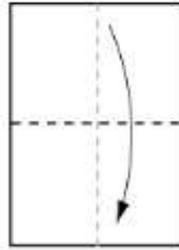

Good luck!
