

The FNaF arena

Izzy and Amy went to the riding arena "Strange it's meant to be busy," Izzy said scratching her goldish curled bob.

Suddenly, Amy sees something. Slowly later a ginger haired girl came out of the sky "hello-Elizabeth Afton!?" Amy said while shaking "hello ma'am how do you know my name?" Elizabeth said while looking at her arms. "I'm human?" she said jumping up and down, Amy on the other hand sat there on a chair listening to her music

Izzy looked at her direction Amy stood up sharpish "How did you know this girl's name?" suddenly Dan came in with purple guy "Stay away from him Daddy!" said Elizabeth drawing her eyes toward Izzy and I on the other hand we sat there in confusion.

Minute by Minute, the rest of the family came there was only Clara left right when Izzy and I were about to investigate Clara and the originals came.

Micheal and Bonnie had a fight "WHY DID YOU SLAM THE DOOR ON MY FACE I JUST WANTED TO WIFI PASSWORD" Bonnie said sadly "It's called a Job, plus you killed me on Minecraft last time" Micheal said while rotting

Suddenly Izzy squealed "Look out!" Amy turned round to find a knife "drop the knife" Amy said not caring then Clara came and gave Purple guy the flip flop. Note to self don't mess with Clara

"Sorry to interrupt but how the heck will you get back?" Amy looked round the arena "Where's Izzy?!!" Amy cried "Found her" Chris said "Were?!" Amy asked deeply in thought "In the toilet" Chris sad as he hovered around "oh" Amy said

Amy Grabbed everyone and drove to her home and tormented her Dad to fix the originals "you can do it yourself you watched me Fix cars so you can do it, Plus I'm dead" Amy's Dad protested "fine I'll fix them tomorrow" Amy said while listening to FNaF and drifted to sleep

The next Day Amy fixed the originals and just listened to songs. It was a chill day

Amy went back to the arena only to find...
