**Dear Parent/Carer**

### **CONSENT FOR TAKING AND USING DIGITAL IMAGES OF PUPILS**

Schools often take images of pupils to celebrate achievement. Such images are used to publicise the many activities in which pupils participate and to create a record of an event to show to participants, other pupils and parents/carers.

Generally, photographs for school and family use, and those that appear in the press, are a source of pleasure and pride which usually enhance self-esteem for children and young people and their families; the practice should continue, within safe practice guidelines.

Your permission is sought in advance to take, display and on occasion, publish photographs/video recordings involving your son or daughter. This may include project work within school that uses web cams or video conferencing to enhance learning. It is intended that your consent will cover the duration of the time your child attends Calside Primary School.

For your information, the Education Services policy on taking and using digital images of pupils is attached to this letter. Once you have read this information, please complete the form on whether you consent to your child's image being used and return it to the school office.

If you have any questions please do not hesitate to contact me.

Yours sincerely

*Louisa Gamble*

Louisa Gamble, Head Teacher.
