DUTY OF CANDOUR ANNUAL REPORT

The social service workers within our setting must be open and honest with our stakeholders when something goes wrong within the setting that has caused harm or could cause potential harm or distress. Our practice is to apologise immediately for any occurrences/incidents, remedy the situation through discussion and put a plan in place to avoid such occurrences/incidents happening again. We are aware that we should be fully open and honest in our disclosures.

As part of our responsibilities, we produce an annual report to provide a summary of the number of times we have triggered Duty of Candour within our service.
