Learner Conferences

Fri 17th May- Sports day

Fri 24th May- Sports Day
reserve

Tues 4th June- Fun 5z netball
(for those who have come to
club this year)

Mon 1st July- last day

Topics

This term we will be starting with a topic on Japan and Festivals. We will be learning about the different customs and religions in Japan and how they celebrate different festivals, before moving on to look at different festivals across the world. We are hoping the children will be able to design their own festival. Our second topic of the term will be Funfairs with a focus on the forces. We will use technologies to investigate forces and funfairs and asking the children to design and make their own funfair.

Literacy

In literacy we will be looking at narrative, information reports and response in our writing. We will continue to practise our spelling through various active means and have our weekly test on a Friday to monitor how we are getting on.

ICT

We will be using excel and other relevant software to help with data handling and creating graphs. We will also be looking at multimedia and creating videos for our own festival. We will use the greenscreen to create the videos and then try our hand at editing.

Numeracy

In numeracy we are starting with focusing on the 4 operations to consolidate our learning from term 2 and extend this learning when possible. In maths we will learn about patterns in number and shape.

Expressive Arts

We will be looking at well known artists and pieces of art and music this term and encouraging the children to develop their language of assessment through their appreciation or critique of the pieces. We will also look at manga to tie in with Japan.

HWB

In Health and Wellbeing we will be looking at relationships, sexual health and parenting. We follow the cluster guidelines as to what to teach at every primary age and a letter with further details will also be sent home.

Homework

New tasks shall be set on Purple Mash shortly. The children will continue to receive house points for any tasks completed and submitted. Please get in touch if you would like any further materials.
