

Nursery Bags

Your child now has a yellow drawstring bag on their peg to store clothes and other items they may need in Nursery.

Things to put in your child's yellow bag:

- *Several changes of clothes

(Even if your child is toilet trained, they sometimes can get wet and messy outside, at the water or at snack.)

- *Several changes of pants/socks

- *(A comforting toy- only for children settling in to Nursery)

Things to put in your child's tray:

- *Sun protection items such as sunglasses and hats should be stored in trays.

(This is easier for children to access these items and quicker for staff to check.)

If your child also attends other childcare, their rucksacks to take to other Nurseries/childminders can be kept on the blue rack. Thank you for your help with this.

Please do not take yellow bags home. These should stay on your child's peg.
