Mrs Watson says Thank you to all those who came along to our Live-N-Learn Growth Mindset Parent Session. It was a great turnout and I hope you all found it interesting and worthwhile and a little better equipped to support your child at home with this. We will receive further information on this and this will be made available to you on our School BLOG. There is a short evaluation sheet for those who attended in the maildrop today. It would be very helpful if you could complete this, thank you.

Sweet Treat

We are helping Emma McCall raise money for the Marie Curie Charity by having a game "Guess how many sweets are in the Jar". The children can bring in money to have a go at guessing how many sweets are in the jar. It is 50p a guess. The winner will be announced on Sat 29th Sept. Thank you.

Pupil Equity Funding

This year the school has been given a further allocation of £10,800 Pupil Equity Funding from the Scottish Government to close the poverty related attainment gap. After looking at our data and circumstances we will use some of this to extend Learning Assistant hours, Mrs Patrick will implement a numeracy intervention to build number confidence in identified children. Parents of these children will be notified. We will also use some of this money to develop "emotional literacy" in the school. Our successful Reading Steps intervention and Lego club implemented last year will continue. If you have any other ideas on what could be funded through our PEF money please let us know.
