

## Reporting and Celebrating Pupil Progress Parents Overview 2018/19

Following on from various feedback from pupils, parents and taking into account school priorities we have decided to change the way we share your child's learning and progress with you. This means that we will no longer use learning folders as a way of sharing learning and progress with you. Instead of the learning folders going home throughout the year we will give you more opportunities throughout the year to come into school to look at your child's work. This will be in addition to class assemblies, open evenings, learning conversations, appointments and the written progress report. At the beginning of each term we will continue to send you information about what you child will be learning in topic, and now in literacy and numeracy. There will be no targets sent home. We will ask for your views on this change and reflect on this to ensure we celebrate and share your child's learning with you in the best possible way.

### **Our overview for 2018/19**

<b>September</b>	There will be an <b>Open Evening</b> where you can meet the teacher and discuss how your child is settling into their new class. You can also look at their class work. There will be individual appointments available if necessary.
<b>November/ December</b>	World Quality Day Celebration/Half Past Two Event. <b>Learning Conversations</b> with teachers, Parents and Pupils. On this evening you will also be able to look through your child's work.
<b>February</b>	On a date to be agreed, Parents can come in to school with their child to see their child's work from 2.30-3.15 then the following morning from 8.30-9.00. These times will hopefully ensure that every parent has a suitable time to come in.
<b>March</b>	<b>School Written Report Issued to parents.</b> On a date to be agreed, Parents can come in to school with their child to see their child's work from 2.30-3.15 then the following morning from 8.30-9.00.
<b>May</b>	On a date to be agreed, Parents can come in to school with their child to see their child's work from 2.30-3.15 then the following morning from 8.30-9.00.
<b>June</b>	There will be an <b>Open Evening</b> where you can look at your child's class work. There will be individual appointments available if necessary.
