

#Support DG

Supporting families and education staff with wellbeing

We are aware that during this difficult period parents, carers, childcare and education staff may need some support to help manage the wellbeing of children, young people and themselves. Our telephone consultation offers blocks of time when educational psychologists and educational visitors are able to listen, chat with you and offer any advice.

This confidential service began in March 2020 and continues throughout the summer and into the new school year.

You can sign up for a call-back by e-mailing supportinglearners@dumgal.gov.uk or by calling 01387 273784.

Educational Psychology and Educational Visitor Telephone Consultation Service

12.30pm - 3.30pm every Tuesday to Thursday

01387 273784 or
