

#Support DG

Supporting Children of Nursery and School Age

We are aware that during this difficult period parents, carers and education staff may be seeking some support to help manage the wellbeing of children. Our telephone consultation service offers blocks of time when we will have both educational psychologists and educational visitors available to chat with you and offer any advice.

From Tuesday 31st March 2020 we will be offering a telephone consultation service to specific groups at set times.

You can sign up for a call-back by e-mailing supportinglearners@dumgal.gov.uk or by calling 01387 273784.

Educational Psychology and Educational Visitor Telephone Consultation Service

12.30pm - 3.30pm every Tuesday to Thursday
