

Hollywood Parent Council AGM—Head Teacher Report - Session 2016/17

We are so busy learning, working, learning, playing, learning and teaching that we often don't stop to consider all the learning experiences we provide and that the pupils undertake in one session at Hollywood. Below are just a few of the memorable experiences we have undertaken at Hollywood from August 2016—June 2017.

A huge thank you to the whole staff team, our pupils, our parents and families for their ongoing support—it couldn't happen without you.

Next year, we are increasing to three classes - P1/2, P3/4 and P5-7. New teaching staff will be joining us.

We are going to undertake new reading challenges and make use of our new Reading Room.

We will be undertaking new memorable experiences and using them to develop writing skills.

We will hold parent workshops so that parents can keep up to date with new approaches and use them at home to support their child's learning.

We will continue our Healthy Cooking and expand to include parents, growing and food based events.

Thank you for helping us to evaluate the school's work through questionnaires, Talk Lunch, SWOT analysis and conversations. We will keep working to improve learning and teaching at Hollywood.

P. Dale 20th June 2017
