Sports Day

Friday 24th June - Max High School 10am

Mrs Graham is getting set for the annual sports day. Please note that this year we are holding the event at Max High School.

Spectators are very welcome.

P7 Induction Days

Our P7 pupils will be attending Wallacehall Academy on the **28th, 29th and 30th of June**. Pupils should wear school uniform and must make their own travel arrangements for getting to and from secondary school.

We are sure they will all make an excellent first impression.

Glasgow Science Centre - our visit to the centre was a great success. Pupils had a fun and educational experience on the interactive science exhibits. Our pupils were praised by staff at the centre for their excellent behaviour - we would like to add how proud we are of all of our pupils.

Thank you to our Parents Council for paying for the bus - as you know transport is becoming increasingly expensive. We hope you agree that getting the pupils out and about to experience events first hand is very important.

Health Day

Mrs Ross is putting together the final plans for our Health Day - Wednesday 15th June.

In the morning pupils will be involved in a variety of food and nutrition activities including: healthy cooking, board games, house team game and making links between food and exercise.

In the afternoon the Smoothie Bike arrives and pupils will have to cycle if they want a refreshing and healthy drink. The afternoon finishes with a healthy food buffet - a chance to sample all the dishes cooked up earlier in the day.

We hope you can drop in and join us! Parents and family members welcome.

Pupil Reports - will be sent home on **Monday 20th June**

Celebration of Learning and Parents evening - Wednesday 22nd June

Gala Day

Hollywood Primary and Hollywood and Newbridge Community Council

Saturday 25th June - 11am - 2pm

We know it is a busy time of year but we would appreciate any help you can give us for the Gala Day. Last year the Gala raised hundreds of pounds for school funds and raised our profile with the wider community.

Our pupils have planned exciting activities for the Gala - including Pyramids in the Sand; The Plank and Tube Drop.

We need help from pupils and parents to run these activities on the day.

Opening the Gala Day is a music group of which Mrs Todd our music specialist is the lead singer and she will be singing a variety of songs which you can have a go at naming for a prize.

I can help out at the Gala Day:

Whole event: 11am - 2pm

For a time slot: ideally -

Name: _____
