

# Melvin Achieng p4

- I am Melvin I learn at Obugi .This is called mudfish I eat it at home.I am happy to see it right from water.

# Lelety Bikosia p2

- This is Tilapia I eat it at home .It is a good fish in river Nyando and Lake Victoria.

# Herbil Ochieng p8

- I am Herbil Ochieng together with other pupils when we went fishing in Lake Victoria at its shore where river Nyando enters the lake. Before us in tray is called sadine many people enjoy it. There are many other species and things we saw we enjoyed the day.

# Melvin Awuor p7

- I am melvin Awuor.This is called sadine I enjoy it at home.I am happy to touch it and see it being caught.

# Melvin Awuor p7

This is called tilapia I like to eat it so much but its rear because many people eat it and other fish eat it too.

# Melvin p7

- The tour was very successful and we manage to carry some fish home for our parents to see .

# Winy Acheng p3

- This is called river nyando it is used for drinking and to water animals and plants.

# Martine p7

- This is called river nyatini we visited it with our teachers it is a few km away from our school it is mainly used to grow rice.
