## Priority 2:

Developing an inclusive learning environment to reduce attainment gap.

How?

Train staff and implement KiVa - a whole school approach to anti-bullying and positive relationships.

Why?

To address some parental concerns about how we manage behaviour at Hollywood.

Why KiVa?

KiVa is a well evidenced approach which has proved very successful in Finland and Wales.

Anti-bullying to support all parties

Personal responsibility

Positive Mental Health

Shared Understanding

friendships

What about parents?

Parents are essential members of the school community - KiVa workshops will be organised by staff to share approaches. Let's get everyone involved.

# Priority 3:

Learner Participation  
to close the poverty  
related attainment gap.

Pupils have a voice at Hollywood  
to take forward school improvement  
but does it impact positively on learning?

Why?

Giving pupils the strategies and opportunity  
to make changes and decisions in school can:

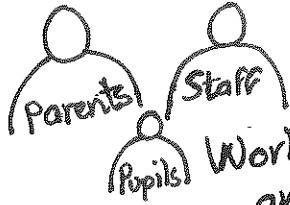

- improve relationships
- improve learning and teaching
- help pupils feel valued and trusted
- improve pupil engagement in learning
- improve attainment + achievement

How?

Learner Participation  
in Educational Settings

Staff read and evaluate  
where we are now!

Pupils evaluate where we are now!

Work together to renew  
and share ideas.

in learning  
and teaching

in decision  
groups

in personal  
achievement

in the  
wider community

I would like  
to try...  
I think it would  
help my learning.

I can talk  
about my  
learning.  
I know how to  
move it forward.

I think ...  
would make  
our school better.
