

Count on and back in 2s, 5, 10s from any number up to 1000.

I can recall double numbers to 20...

I can solve missing number equations.

$$2 + * = 4$$

$$5 + * = 10$$

Practise these skills.

You must practise until you can do them in your head...mental maths!

Parent draws. Child counts and writes number.

Parent writes the number. Child draws.

Please stay under 1000 as we still need a lot of practise with our hundreds.

Maths for P2/3

Make a Shop

Set up a shop somewhere in your house.

Collect things to sell in your shop.

Put prices on all your items (Don't make things too expensive)

Get someone to come shopping. Use your white board to add up how much money they owe the shop keeper.

Pet shop? Café? Book Shop?

Tile a wall in your house:

Find a shape that tiles in your house.

Now make lots of tiles from old / scrap paper using your shape.

Tile the shapes together on the floor or blu tack to the wall if you are allowed to!!

Adding and Take Away

You can use the strategies on the back of your target setting sheet to add and take away within 100.

$$45+23 \quad 34+ 55 \quad 72+ 21 \quad 81 + 12$$

$$76- 23 \quad 99-33 \quad 43-32 \quad 65-34$$
