Ready, Steady, GO...

Make your own shop

- Collect items for your shop.
- Put prices on all of your items (using the correct notation-£0.60, £1.00, £7.89).
- Ask your family members to visit your shop. Give them a budget of £5 to start with and increase their budget to £10 or £20 if you want a challenge.
- You must now add up all of the items they want to buy (use your whiteboard and pen- make sure to lay out your workings correctly).
- Now you need to work out how much change you need to give your family members.
- Did you create a book shop, toy shop, clothes shop, café, pet shop? Upload your pictures to the blog!

Counting Forwards and Backwards

I can count forwards and backwards in 2's, 5's, 10's and 100's.

Remember you can start counting from any number in the sequence:

e.g. 55, 60, 65, 70, 75, 80...

e.g. 966, 964, 962, 960, 958, 956...

Times Tables

Visit Hit the Button and work on the times tables that you need to practise:

https://www.topmarks.co.uk/maths-games/hit-the-button

Make an origami times table fortune teller at home and then use it to work on your tables!

Remember to look at your maths homework sheet too! 10 minutes a day of maths homework=lots of skills worked on.
