French Numbers

Impress your family by reminding them of all the French numbers you know.

See if you can match the numbers to 20 which have got muddled up below...try to do it from memory—no peaking online until afterwards!

match the numbers

<u>un</u>	10
<u>deux</u>	4
<u>trois</u>	17
<u>quatre</u>	8
<u>cing</u>	15
<u>six</u>	20
<u>sept</u>	13
<u>huit</u>	5
<u>neuf</u>	11
<u>dix</u>	2
<u>onze</u>	9
<u>douze</u>	3
<u>treize</u>	1
<u>quatorze</u>	6
<u>quinze</u>	12
<u>seize</u>	7
<u>dix-sept</u>	14
<u>dix-huit</u>	18
<u>dix-neuf</u>	16
<u>vingt</u>	19

Rooms in your House

We are spending a lot of time at home at the moment but do you know the names of your rooms in French?

Practise saying the words for each room as you walk around your home.

Now make a labelled photo story or draw a picture or plan of the inside of your home and label up each room in French.

la maison

la chambre

la salle de bain

la cuisine

la salle à manger

le salon

le jardin

le garage

Bingo

A great way for families to fall out...I mean learn together is over a game of French number bingo.

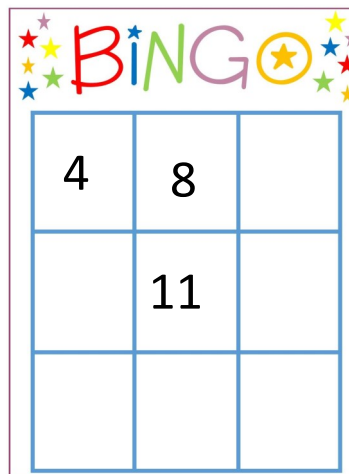

Draw a 6 or 9 square bingo board. Everyone chooses numbers (decide on top number depending on age and French number knowledge).

One person is the bingo caller...

Say the number in French.

Mark it off if you have it.

Tricky: you could write the numbers in French and say them in French or English.

French Map

Recently, in Spanish lessons we made a large map of Spain and then found out the location of lots of different landmarks.

Cities, rivers, mountains, bridges, famous buildings, holiday hot spots, football stadiums etc.

Make a large map of France (you can get an outline close enough—have a go). The back of old wallpaper makes a great surface for drawing, sticking and painting on.

Add labels, drawings, wee models etc.

Make sure you try to be as accurate as possible.

Quiz on locations later!!
