**Story board** - translate the conversation. What are they saying to each other?

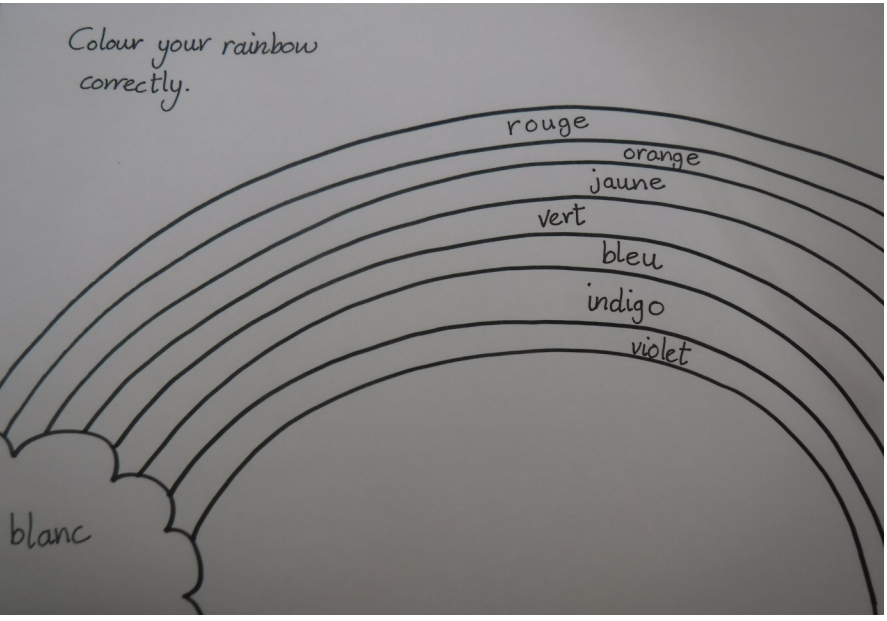

**Now create your own story boards:**

You could draw them.  
 You could act them out, take pictures and add speech bubbles.  
 You could cut them out of old magazines and add speech bubbles.

**Your storyboard could be about:**

- Saying hello and asking how someone is today.
- Asking and telling your name.
- Talking about your birthday.
- Telling someone what you like and don't like.
- Asking for the time.
- Talking about the weather.
