

Wee News Update: October 2020

A **HUGE Thank you** to Reece's Dad for making and donating this hand sanitising station to Team Holywood.

It is brilliant !

Keep sanitising and washing your hands out there—Stay safe and well!!

Mrs Queen loved her hand made necklace!

I have been asked to pass on Mrs Queen's thanks to everyone who contributed to her leaving present. I hope you agree that her hand cut silver tree from a silver Florin is gorgeous!

Mrs Queen gifted £50 to Team Holywood and asked that we get something to add to the playground like an apple tree or perhaps a grape vine for the greenhouse! Thank you Mrs Queen! We'll let you know what we spend your gift on.

BIG THURSDAY is BACK!! As you can see from the photos pupils were fully engaged in the first Big Thursday of the term.

This term we have: Art, Science - electrical circuits, PE and Computer Science - robotics on the Big Thursday menu.

We have invested in 10 tablets and 10 sets of LEGO WeDo so that pupils across the school can work in pairs/ small groups to build, design and animate their robotic builds.

The plan would be to offer an afterschool club later in the year (if it is safe to do so).

Please Keep Your Personal Information Up To Date With Us :)

If you have moved house or have changed your mobile number / e-mail address let us know as soon as possible so that you can be sure that you are receiving all the information being sent home.
