

Les fruits et les legumes

Our new topic in French is **Food**. Until the Easter holidays we will be learning the names of different foods and talking about our likes and dislikes.

Our focus this week is fruit and vegetables. Have a look at the fruit and vegetable activity saved in the learning pages. If you look at the French words you will notice that lots of them are the same or similar to the words in English.

Match the obvious words first (orange, bananas etc), then use an online French dictionary to translate the rest of them.

Listen to the songs below. Can you remember the names of all the fruit and vegetables mentioned?

Food Portraits

The artist Guiseppe Arcimboldo created portraits using food and flowers. Now it is your turn! Using different fruit and vegetables create a food portrait then write a list in French of all the fruit and vegetables you have used.

It is up to you whether you want to use actual fruit and vegetables to create your portrait, or just draw it. Remember to post your creations on the blog along with the French vocabulary.
