

One line improvisation challenges

Use these one- line cards to help you create a short, improvised piece of drama. You could do this on your own, with a partner or in a small group. Start with the line then see where the story takes you!

Oh dear, it's all going wrong...

Just leave me alone...

Sometimes I just wish I was the same as everyone else...

Let's go on an adventure today...

What do you mean it has escaped?

I'm scared, I don't want to do this...

You take the smaller one on and I'll deal with the bigger one on the left...

I can't believe my life long dream is about to come true...

Stop that lady!! Don't let her get away...
