We discussed ... new furniture for the library/computer area.

And agreed That the current orange chairs were very worn and dirty and needed replaced. Pupils chose vinyl covered stools as they would be easy to clean. It was agreed that all stools should be adult height. Six stools would be bought: 2 square stools in lime; 2 angled stools in lilac and 2 in light blue. We would also buy new chairs in co-ordinating colours for use at the computers and a horseshoe shaped table for small groups to work at. Total cost will be approximately £1000.
