## About our School

We are a small school on the outskirts of Dumfries, within the Kingholm Quay community. We currently have three multi-composite classes. Our playground, and grassed area at the rear of the building, provides opportunities for sports activities, outdoor learning and recreational play (mud kitchen and activity trail that allows the children to develop their risk taking, co-ordination and balancing skills. Brownhall is fortunate enough to be located within close proximity to the Crichton Campus, DGRI hospital and D&G college, but still within a natural environment, being surrounded by the River Nith and farmland.

## Community Links and Partnerships

At Brownhall we have forged strong links and partnerships with school services and the wider community. Our parent council is an integral part of the school whose work is invaluable in raising funds for the school and supporting our children's achievements. We are a partnership school with Caerlaverock Primary, which is situated nearby, in the village of Glencaple. Our close cross sectoral working links, with Dumfries High School, allow for the use of secondary school facilities and staff expertise to enhance focused learning in specific curricular areas. Our location lends itself to working alongside a diverse range of partners such as D&G College, Glasgow University – Crichton Campus (Education), Sustrans, local police and Easterbrook Hall.

## Our Partnership Mission Statement

We are aware that it is important to see our school as one piece in the jigsaw that makes up the wider community. There is a huge range of people involved in the day to day life of our school, and only when we work in partnership can our school be fully effective.
