

small, but mighty

Progress on School Improvement Plan 2022-23

Digital Literacy

Improvement in attainment, providing learners with the right skills to succeed

Progress

- Purple Mash purchased for both schools – all teachers completed on line training
- Digital Leaders produced the strategy, planning and tracking for Digital Literacy and Computing Science
- All Cluster teachers attended Digital Day on 22nd Feb
- Both schools now have Digital Schools Award (Scotland)

Rights Respecting school programme

**School improvement
Teacher Professionalism**

Progress

- current position of both schools was considered with regard to the three strands and allocated the relevant traffic light colour
- Action Plan made & submitted
- Bronze Award achieved
- Children are becoming more familiar with the articles and their rights and how they should act to create a rights respecting environment
- All children at both schools have adults in school they can speak to if, for any reason, they did not feel safe, were worried or upset.

Learning for Sustainability

**School improvement
Teacher Professionalism**

Progress

- Both schools completed Education Scotland's *Whole School & Community Approach to Learning for Sustainability Self Evaluation*
- By linking LfS and UNCRC – Articles 3, 12 and 28 we decided to start our journey by developing a travel Plan for both schools
