iPad Apps for Learners with Dyslexia/ Reading and Writing Difficulties

attempts to identify relevant, useful apps and to categorise them according to some of the difficulties faced by people with dyslexia. Note that some apps address a range of difficulties. In order to save space, we have decided not to place individual apps into multiple categories, but have placed them according to a single category that is particularly relevant to the app. Links on the electronic version are 'clickable'.

A more comprehensive guide to Apps to Support Literacy Difficulties is included in CALL Scotland's *iPads for Communication, Access, Literacy and Learning* book, available as a printed book and as a free download from: http://www.callscotland.org.uk/downloads/Books/ This 'Wheel of apps' for dyslexia is inspired by previous visual app representations:

- The Padagogy Wheel Allan Carrington
- Mobile Learning with Bloom's Taxonomy & the Padagogy Wheel Cherie Pickering & Amanda Pickering
- Apps for Students with Autism Spectrum Disorders Mark Coppin.

These are all available from various web sites, but can all be downloaded from: http://apps4stages.wikispaces.com/AppWheels. CALL Scotland has also produced a wheel of iPad Apps for Complex Communication Support Needs: Augmentative and Alternative Communication (AAC), available from http://www.callscotland.org.uk/downloads/posters-and-leaflets.
