Your task is to plan a journey for my friend in Edinburgh to come and visit me after lockdown is over.

The Journey

- His train gets into **Dumfries Railway Station at 1400hrs on Tuesday**.

- He needs to head to **Castle Douglas** to meet friend, because I will still be at school.

- Both them are then going to head to **Auchencairn** where they will meet another friend.

- The three of them will then travel to **Kirkcudbright** and have tea with me at my house!

He's never been to Kirkcudbright before so you will need to tell him the following things:

Success Criteria:

- ✓ The <u>times</u> of all of his busses.

- ✓ <u>Where</u> he will get <u>on</u> each bus.

- ✓ <u>Where</u> he get <u>off</u> each bus.

- ✓ <u>How long</u> he will be on each bus for.

Please email me with an outline of his journey!
